DEPARTMENT OF PHYSICS

MONTH

JUNE

- College Online Exams

JULY

- Admission process of Sem –I, III, V for Session I

AUGUST

- Meeting of faculty in the department for discussing various activities in coming months and allotment of duties to the faculty as in-charge
- Students will be distributed for the mentoring activity to be carried out throughout the year. A review meeting to be held for the areas to emphasize while mentoring so that the department follows uniform pattern.
- Hands on training for Non-Teaching (Skill and Proficiency development) for technical staff.
- Hands on training for Non-teaching staff.
- Repairing of the instruments
- Maintenance of the instruments
- Setting of new experiments
- Calibration and standardization of the instruments.

SEPTEMBER

- Orientation program for B. Sc. I students. Students will be briefed about the various activities and project to be carried out for them throughout the session. Special emphasis will be given about career guidance to students as students will be guided about various career opportunities available to them. The idea is to tap the students early, so that they start working on their career paths early in the form of self study or joining classes for their skill development.
- We will continue the 'Lab to School' activity. As last year, this year also we will invite selected students from the school and explain concepts/experiments in physics to them. The students will be trained for this activity accordingly. This activity is a social outreach program that the department has initiated from 2019.
- 'Aptitude test' for B. Sc. I students. Questions in the Aptitude test are chosen from 12th class syllabus and students are assessed as average below average and above average. Later on they are catered to all round the year keeping in mind their aptitude.
- A poster competition is planned to be held for the students. Topic pertaining to global issues will be undertaken. The poster competition plan to focus on suggestions and remedial action to topics pertaining to environment or global issues. This year we plan to take the topic 'COVID-19'. Prize distribution ceremony will be held in the Inauguration & Installation of Physics Society.
- Inauguration & Installation of Physics Society followed by Guest

	<p>Lecture on 'Physics for Society'. The Society members are chosen for the Society installation. That includes the President, Vice-President, Secretary and Joint Secretary.
