

Dr. Ambedkar College, Deekshabhoomi, Nagpur

REPORT of Guest Lecture

Date: 23-10-2021

Topic : Data Engineering

Resource person: . Milind Chopade, Senior Data Engineer, Nomura Bank(Japan), Mumbai, Maharashtra.

Organised by : Department of Computer Science

Data allows organizations to visualize relationships between what is happening in different locations, departments, and systems. Looking at these data points side-by-side allows us to develop more accurate theories, and put into place more effective solutions. It also enables the development of artificial intelligence and machine learnings that extract value from data. With this view Department of Computer Science , Dr. Ambedkar College, Deekshabhoomi, Nagpur, organized a Guest Lecture on topic “Data Engineering” on 23/10/2021.

At the beginning of the lecture Dr. Avinash Hedao, Assistant Professor, Department of Computer Science gave formal introduction and also introduced the honourable guest speaker Mr. Milind Chopade, Senior Data Engineer, Nomura Bank(Japan), Mumbai, Maharashtra. The speaker started his talk, with special emphasis on the importance of data engineering in today’s era. As he had 12 years of experience in the field of Data engineering he explained every aspect of data engineering in very easy and comprehensive manner. He supported his statement by giving very simple practical examples. He concluded his lecture by giving very elaborative and easy to understand answers to the question of the students in question and answer session.

The Guest Lecture ended with formal vote of thanks by Dr. P. V. Nimbalkar , Head, Department of Computer Science . As the speaker had very deep and current knowledge in the field, he made very ingenious and gratifying journey of data engineering to the students. The topic of the Guest Lecture was very novel and most talked about which would help in motivating and inspiring students and igniting their mind for higher education and also for their bright future.

General welcome and introduction by D.r Avinash Hedao, Asstt. Prof. Dept of Computer Science

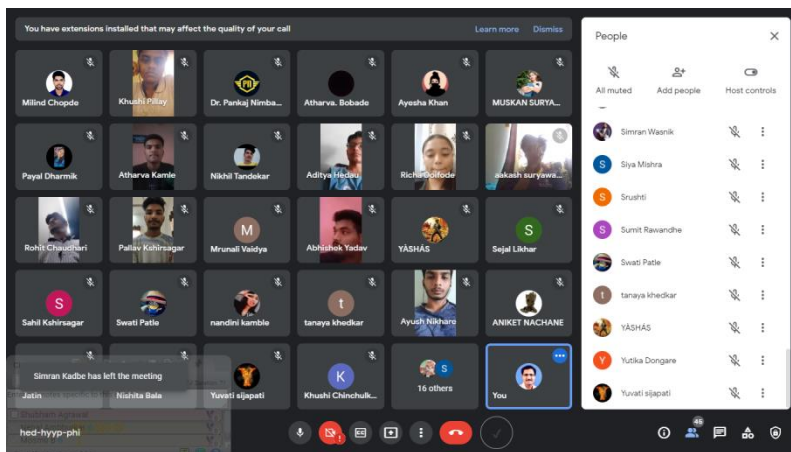

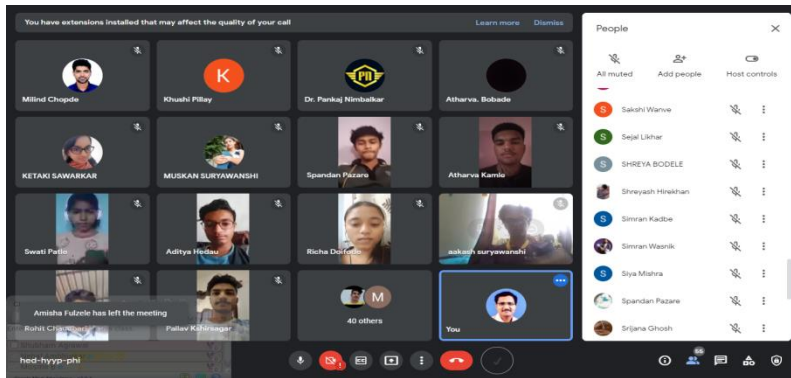

The honourable guest speaker, Mr. Milind Chopade, Senior Data Engineer, Nomura Bank (Japan), Mumbai, Maharashtra started talk emphasizing on importance of data.

The guest speaker explained how data and data engineering helped coping COVID-19 pandemic .

The speaker gave very comprehensive knowledge of how to preserve data integrity

Students asked questions in question- answer session.
