*Team TechXellence cordially invites
you to be a part of Tech Fest 2k22.*

The Tech Fest is a program that has been carried out by the students of M.Sc. Computer Science since 2011. The program is organized keeping in mind the exposure and the festive spirit of the students in their subject. The program generally consists of technical events and games through which the students get into a competitive spirit and thus also get to know and enhance their knowledge in the particular field.

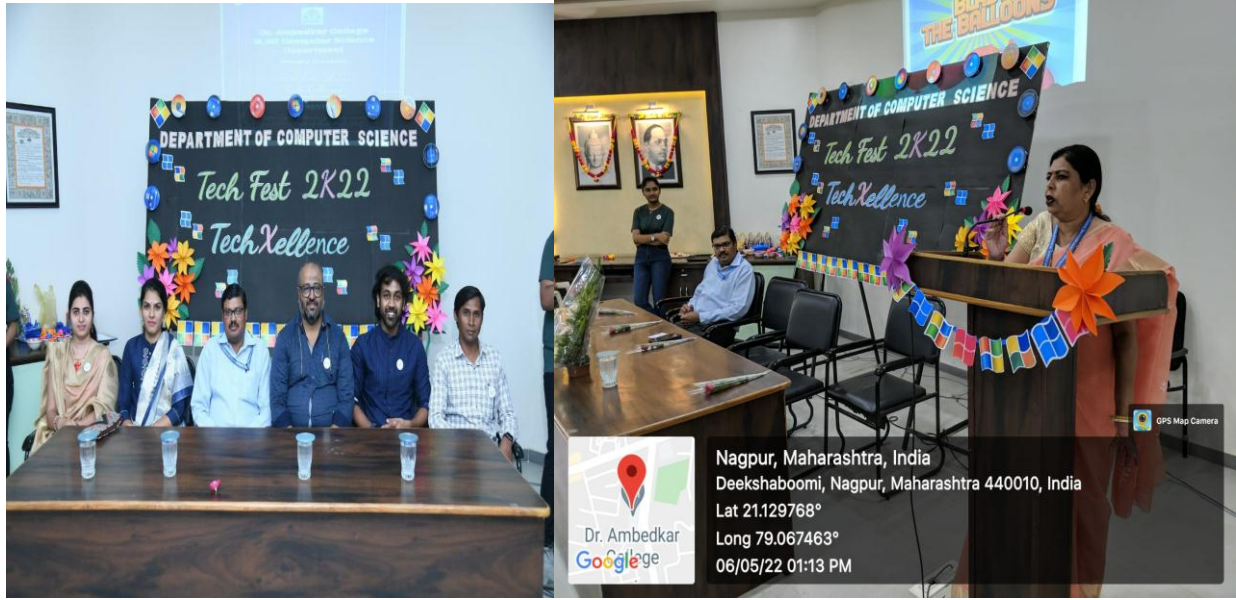

Owing to the pandemic this year the students organized the festival with the same spirit by following all the guidelines and taking all the required safety measure, a total No of **55 students from (All computer Science departmentsMSC, BSC and BCA)** Head of the department, teaching and non-teaching staff participated in this program.

The first session was hosted by two of the students and they started by a brief introduction of why we organize the program and why this program was given a name TechXellence this time. They introduced the faculty members and the invited HOD sir for the installation of this year's **Tech Fest** followed by the heart warming welcome of the chief guest and other staff members with a token of love by the students.

Dr. Mrs. B. A. Mehere Principal of the College Inaugurated the program and enlight the importance of cloud Technology and importance of Technical knowledge in todays environment. Dr. P. V. Nimbalkar, Head, Department of Computer Science gave an insight of the program structure and motivation that came behind to organize the event.

The program was successfully executed and driven by the students of M.Sc. ComputerScience students,Department of Computer Science,Dr AmbedkarCollege,Deeksha Bhoomi, Nagpur.

After the insightful speech of the Respected Principal madam , she gave the permission to start the event and thus began the event. The anchors handed over the mic to one of the student to introduce the audience with the games and event.

TechFest 2K22 program Inaugurated by Principal Dr. (Mrs.) B. A. Mehere madam

Event schedule

Event1: Tech Talk

In which contestants are coming one by one picking up a topic and explain their topic. Topics were like Cyber security, Digital India, Use of bar code, Research and development and many more. Contestants expressed their thoughts nicely. And a student of BCA won 1st prize in it.

Event 2:- Quiz in which round1 Open house Quiz and Round 2 for departments. 2-2 contestants from Msc, Bsc and BCA represented their department. from which BSC won 1st prize in it.

Event 3:- Puzzle it is Also conducted for department. 2-2 contestant from Msc, Bsc and BCA represented their department. Again Bsc won 1st prize in puzzle.

Event4:- Mad Ads in this every department have to make a fun ads with new technical idea to launch their product. Bsc won 1st prize again.

Event 5:- Blind Coding . 10 participants take part in this game from which 1st prize won by the student BCA. He execute program in 57 sec.

After program our faculties addressed us with appreciation. After that we completed our program with prize distribution. And provided a refreshment to all the participants , audience And teaching and non teaching staff.

The session concluded with winners of each round and also by expressing a vote of thanks to everyone for their time and making the event a successful one and this success can be easily judged by the fact that everyone's spirits and energy levels, if could be put on a graph were always spiking up till the end and all had smiling faces at the end and neither of anyone wanted the event to end.
