

## Dr. Ambedkar College, Deekshabhoomi, Nagpur Department of Zoology

### Departmental Activities- 2018-19

#### **NOTICE of the PROGRAM (Guest Lecture 02)**

Intimation was circulated among the semester wise groups on social media

#### **GUEST LECTURE 02**

**AUGUST 31, 2018**

Dr. Jeevan Dontulwar delivered an inspiring guest lecture on 'The impact of Global warming & Climate change on Environment and Economy'. He discussed about electrical, thermal, mechanical and chemical energies etc. Today people are utilising these energies at every step and CO<sub>2</sub> along with other poisonous gases are mixing in the atmosphere which leads to increasing the temperature at global level. Global increasing temperature may change the climate and their bad effect may be possible in the future economy. He suggested the use of solar energy as natural energy which is free energy.

#### **GLIMPSES**
