Report

ORIENTATION PROGRAMME on Career Prospects in Higher Education by Mr. Raju Kendre, SOAS, University of London, UK

Studying abroad, particularly in the larger, more academic western universities and schools in places like Canada, US, or UK will give the aspirants, the opportunity to diversify and expand the group of people. Studying abroad will offer any student the opportunity to meet a vast amount of his or her peers, many of whom will go on to be young professionals working in a huge variety of different roles in different countries. As an international student, he/she will get to know a plethora of other international students from a wide variety of different backgrounds, many of whom will head back to their home countries after graduation.

Keeping this view in mind, Department of Botany has organized a *Orientation Programme on Career Prospects in Higher Education* on 09/11/2022. **Mr. Raju Kendre, SOAS, University of London, UK** was the expertise resource person for the program.

Dr. Subhash Somkuwar, Head, Dept. of Botany briefed about the event. Further he introduced the resource person. Mr. Kendre is currently studying MSc Development Studies at SOAS, University of London, on the Chevening Scholarship offered by the FCDO, UK. He is also awarded a leadership fellowship from Swedish Institute (Sweden) and MGG Global Academy, Bonn (Germany). Recently, Raju has been included in Forbes India's 30 Under 30 list for 2022 and is also listed on LinkedIn's Top Voices List (Social Impact). He is invited to talk on various platforms TedTalk, Oxford University IIT, IIM, TISS, Enactus, YMCA London, SOAS University of London and various national international platforms.

Dr. (Mrs.) Deepa Panhekar, IQAC Coordinator & Vice-Principal, Dr. Ambedkar College, Deekshabhoomi, Nagpur presided over the function. She highlighted the importance of higher education in specially our backward region of Vidarbha. And also emphasized and boosted the aspirants to proceed for abroad education opportunities.

Mr. Raju Kendre highlighted various opportunities in international universities to pursue education from premier Higher Education Institutions (HEI) and enable grassroots leadership in the development sector with his PPT. He also said about his achievements like he has helped 125⁺ students to get into premier institutes of higher education and prestigious fellowships. He also interacted with aspirants. This orientation programme has received a huge response, over 105 students participation were recorded for this event.

Dr. Rahul B. Kamble has conducted the session efficiently while Mr. Nikhil Motghare gave formal vote of thanks. Other faculties from the college & Eklavya Movement, Dr. R. Tirpude, Ms. Kajal, Mr. Chavhan also present in the orientation programme.
