**DEPARTMENTAL REPORT**

**2018-2019**

### **Aptitude Test for B. Sc I Students:**

Aptitude test based on the basic knowledge of the students was conducted on 20<sup>th</sup> August 2018. 70 students appeared for the test. Analysis of the result shows that 15 % students scored 100% marks, (above average), 39% students scored within 70% to 100% marks (average) and 58 % students scored below 70% marks (below average). More attention has been given to the students scoring below average marks by monitoring their class attendance, test examination and devoting more time to guide them properly.

Bright students and average students were also given proper attention in order to boost their knowledge and to get good score in the examination.
