

**DR. AMBEDKAR COLLEGE, DEEKSHABHOOMI, NAGPUR**

**RECORD OF MENTOR MENTEE INTERACTION**

SESSION: 2021-2022

**Date: 18-Dec-21**

**Guided by: Dr. Aarti Wazalwar**

**MENTORING REPORT**

A mentorship interaction was held by Dr. Aarti Wazalwar of DACN Physics department on 18<sup>th</sup> December, 2021 Saturday at 11 AM of the students from batches BSc. Semester 1 of PEM and PSM groups.

The students interacted with the professor on various topics in and out of studies. They were first asked about their dreams and aspirations in this field and their career goals. Many of them showed interests in Armed Forces and some in business. Why did students choose BSc was asked where everyone told their relatable answers.

Regarding career, appropriate guidance was given. Students who are uncertain about what they want to do after their education, trying to try for various competitive exams, were given advice to focus on one thing and work hard for it and were given clarity in this sense.

It was taken into notice that students go for Bachelor's degree in science after failing to get into other fields like medical and engineering. As for studies in college, students did have the question whether the exams will be held online or offline which were answered based on judging the scenario right now that there is a possibility for online exams.

Students were encouraged to open up to their mentor in case if they have any issues regarding their life be it personal or educational. As for those who want to improve their personality were suggested to join in-college programs like the

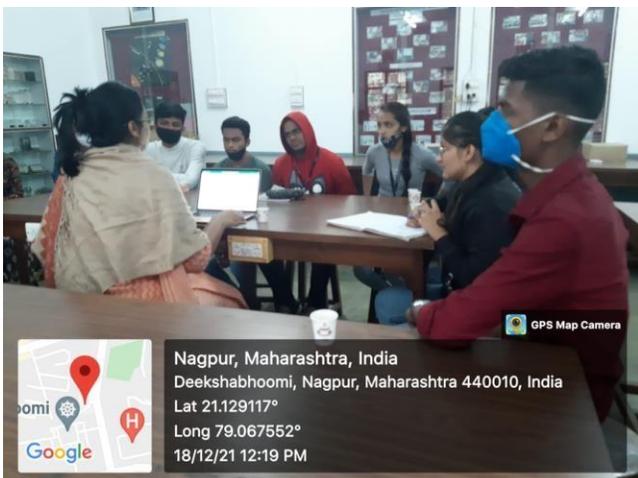

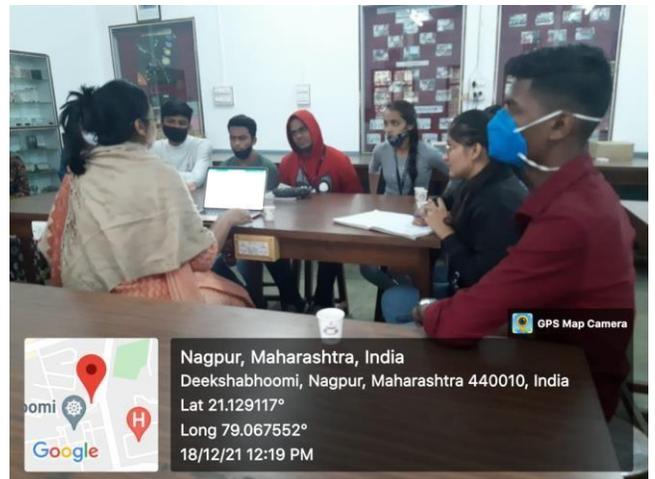

UNNATI CELL which is focuses on skill development and communication.

Students were asked to identify their weaknesses and work on them. They did say that they faced issues with communication hence, enrolling themselves in this programme was suggested. On this note, some students shared their experiences such as one had qualified for the NDA Exam but couldn't pass the next screening round. He identified that his fault was with narration and would work on it. Another student said that he faced the same lack of being able to communicate well and deals with low self-confidence. These students were guided well with being asked to inculcate habits like reading newspaper such as The Times of India to improve their English-speaking skills as well as get a good grasp on what is happening around the world. Students were asked to be more attentive of national and international affairs since it also helps to prepare for further competitive exams.

Lastly, students were informed about the benefits of taking part in NSS which will help them be more self-disciplined and will help them take necessary steps towards social work. They were encouraged to focus on both education and extracurricular activities.
