REPORT ON INDUSTRIAL TOUR
MSME ORANGE CITY TEXTILE CLUSTER

DATE: 22nd November, 2022

With a view to nurture and enable students with the knowledge of the Textile Industry, the Department of Commerce, Dr. Ambedkar College had planned a one day industrial visit on 22nd November, 2022 to MSME ORANGE CITY TEXTILE CLUSTER with support of Director, Mr. Vipul Panchmatia at Kamptee, Dist. Nagpur. Coordinator, Mrs. Shefali Rai Chouksey, Assistant Professor, Department of Commerce organized the industrial visit under the able guidance of the Head of the Department. She also presented the Director, Mr. Vipul Panchmatia with a memento of the book- Buddha and His Dhamma on the department's behalf..

In India, MSMEs contribute nearly 8% of the country's GDP, around 45% of the manufacturing output, and approximately 40% of the country's exports. It won't be wrong to refer to them as the 'Backbone of the country.' The Government of India has introduced MSME or Micro, Small, and Medium Enterprises in agreement with the Micro, Small and Medium Enterprises Development (MSMED) Act of 2006. These enterprises primarily engaged in the production, manufacturing, processing, or preservation of goods and commodities.

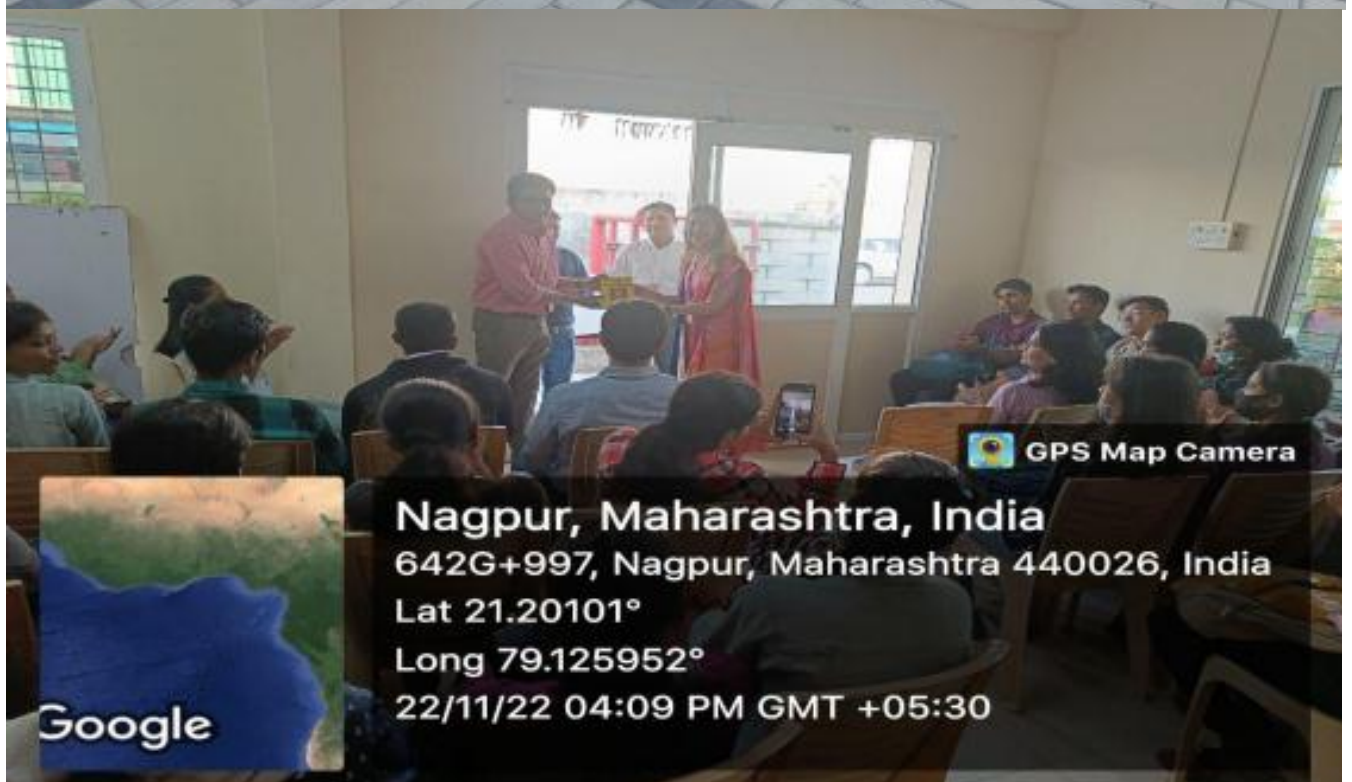

The students were briefed about the visit and all instructions were explained by the director for smooth conduction of visit without creating any workflow disturbances for the workers. He explained that textile cluster MSMEs have contributed immensely to the country's socio-economic development. It not only generates employment opportunities but also works hand-in-hand towards the development of the nation's backward and rural areas.

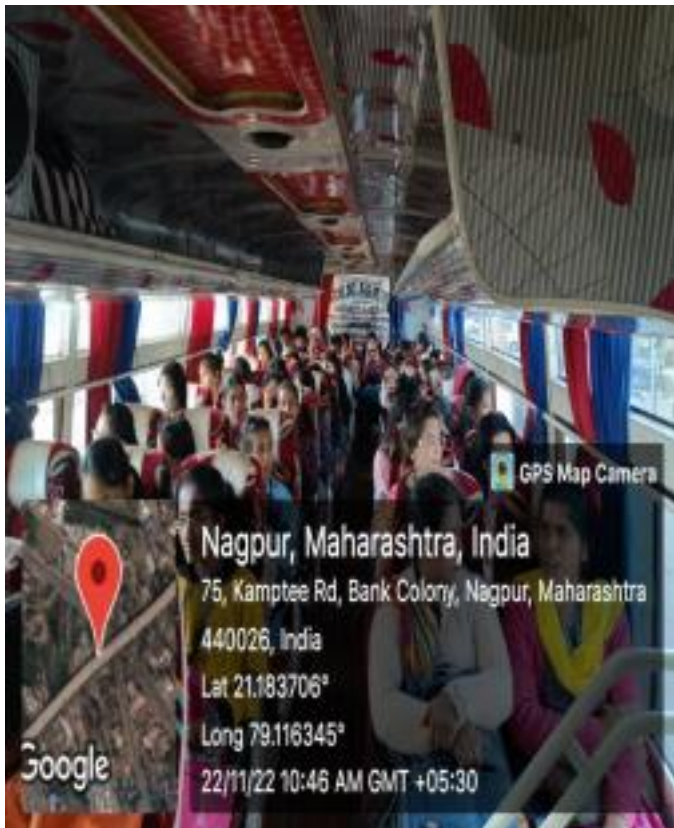

The Orange City Cluster has also played an essential role in providing employment opportunities and industrialization of the area with a low capital cost compared to the large industries.

He explained the working of the textile industry and how raw materials are collected, processed and spinned into yarn to make fabric or a textile product. He also highlighted the profitability of this small scale business.

The students were benefited by understanding the working of textile clusters and various inputs involved in it including high end technology machinery . They also understood the assembly line working and how it benefits in saving time and cost.Total 28 students of the department were present with Coordinator Mrs.Shefali Rai Chouksey and Dr. Vaishali Fating for the industrial visit.
