Report

The department of Commerce has organized the Webinar on the topic “Webinar on NPTEL, MOOC & Online Certificate Courses” on dated 14th October 2021.

The main purpose of the webinar was to provide information about NPTEL, MOOC and other online courses platform to the students of B.Com and M.Com.

CS.(Dr.) Akhil Ramteke, Faculty of Commerce, DACN was the Speaker for this webinar.

He has briefly highlighted various courses available on NPTEL and on other platforms.

Students have benefited a lot from this webinar, as they came to know the additional avenue for skill development and certification for their future career.
The Speaker also introduced the courses available on edx platform, udemy and coursera. He said that, Students could pursue any number of courses at a time. There is no registration or enrolment fee for courses, but to get certificate students have to appear for exam and paid the nominal exam fee.

About 50 students from B.Com and M.Com participated.

Dr. Mrs. B.A.Mehere, Principal and Dr. Mrs. Varsha Panbude, Head of the Department of Commerce has actively involved in organizing the webinar.

NPTEL web and video courses across 23 disciplines are available on our portal nptel.ac.in. In 2014 process of getting certified from NPTEL courses was initiated, so that learners get a tangible end result in the form of a certificate from the IITs/IISc for their effort.
Certification courses are offered twice a year (Jan-Jun, Jul-Dec). Joining a course is free. Anyone can learn from these courses anywhere anytime. No pre-requisites, no age limit, no entrance criteria to enroll.
Learning can be done by watching videos and this is tested by the weekly assignments, that are to be submitted online within the prescribed deadline. Any queries/doubts you may have, you can post in the respective discussion forum, which will be answered by the faculty and his/her team.
There is an optional proctored certification exam that the learner can take for a nominal fee at the end of the course to earn certificates from the IITs. The learner has to be present in person for the exam and currently exams are conducted only in India in about 130+ cities in two shifts. Learner has to appear at the designated exam centre to participate in the exam, where his/her id is verified. 25% of the final marks comes from the Assignments and 75% from the final exam.
The main benefits of participating in an online course under NPTEL are:
1. Students: credit transfer and better resume
2. Faculty: Refresher courses, AICTE recognized FDP courses
3. Working professionals: For upskilling and reskilling
For any more clarification / queries, please click here.
