Report

Curriculum Enrichment Programme as per National Assessment And Accreditation Council, Bengaluru (NAAC)

The department of commerce, Dr. Ambedkar College, Deekshabhoomi, Nagpur has organized a 30 Hours Certification Course on Tally Accounting (August 13, 2019 – August 31, 2019). The training programme was a part of Curriculum Enrichment Programme as per National Assessment and Accreditation Council, Bengaluru (NAAC). The Participants of this programme were students from the department of Commerce (UG & PG) of our Prestigious College. The training programme has received an overwhelming response and the total number of the students participated were 104 and the majority of them pursuing B.Com and M.Com.

The Valedictory and Certificate distribution function was held on 31st August 2019 in Dr. Ambedkar College. The Chief Guest was Honorable Dr. Vinayak Deshpande, Pro VC, Rashtrasant Tukdoji Maharaj Nagpur University, Nagpur.

While addressing the students he said that the students of Commerce department should be masters in the basic concepts of subject of their interest and at the same time they should be able to understand the application of basics in solving the real life business problems with the help of tools and techniques of Tally Accounting. Students must have great understanding of the latest tools and techniques of the Tally Accounting. He also mentioned that in order to have great indulgence of the tools and techniques of Tally Accounting, they must possess the quality of curiosity and zest for gaining practical knowledge and innovative ideas. For that matter, there is a need to bridge the gap between industry and academia by organizing training programmes like this. He appreciated the initiatives taken by the organizers and wished good luck for many such programmes in future.

Co-ordinator Dr. Mrs. Pratibha M. Siriya, HOD and Vice Principal, Department of Commerce, Dr. Ambedkar College, elaborated the purpose of organizing the training programme. She said Commerce students are not in the position to get jobs due to lack of knowledge and skills of real life application of Accounts, Finance and Taxation by using Tally ERP.

In colleges, students only learn Theories but don't learn how to apply theoretical knowledge of Accounting, Finance and Taxation. Therefore by organizing such training programmes by inviting the industry personnel like CA Pankaj Deshpande will help students in getting actual insight of what skills are required for getting jobs.
