DEPARTMENT OF COMMERCE

Guest Lecture on Career Building

Speaker: Mrs. Poonam Menariya

Date: 05th October,2017

REPORT

Department of Commerce organised a session on **Career Building** on 05th Oct, 2017. The session was preceded by **Mrs. Poonam Menariya**. It started with the brief introduction of the Career Building, how to prepare to build career and achieve our goal and also highlighted about career planning as having a career plan will help you stay motivated during all the twists and turns your career path throws at you. And, most importantly, it will guide you during times when you are considering career or industry changes by helping you figure out whether your choice truly fits the plan

The speaker highlighted the importance of selecting correct career and its impact on different people. Speaker also highlighted the different scopes of career and all the routes linked to it and explained beautifully the different opportunities student have after their education. In addition, she explained the steps to build a career with development of personality and skill to survive in a competitive market.

The session proved a great success and positive feedback was received wherein students stated that they were benefited and would like to attend more such sessions in future.
