Head of the Department

Prof.S.M.Pawar

Report:

Department of Mathematics conducted Mathematics Exhibition activity for all students of BSc on 25th March 2022 between 11 am to 1pm in Room No 306.

The students were informed about the Models, Games and Puzzles to be prepared for the Mathematics Exhibition activity. The students were divided into groups of 3 and 4 students per exhibit. They were given a time of one week to prepare the models, puzzles and mathematical games. Many models, puzzles and mathematical games were displayed on 25th March 22 at room no 306. The students and teachers participated in the activity and played all the games and solved many puzzles.

The aim of the activity is to show the students the fun aspect of Mathematics and to develop interpersonal skills amongst them when they explain their exhibit. This helps in developing confidence amongst the students.
