Mentor – Mentee First Interactive Session Report

2021-22

The SCOP students were allotted to Department of Statistics for mentoring. The HoD of the department Mrs. A. M. Badar was mentor for this group. At the outset the purpose of mentoring was explained to them. They were apprised of the fact that the world is becoming more and more competitive and it is based on the principle of “survival of the fittest only”. Therefore, it becomes imperative that one must be prepared for such situations.

The students were asked to fill up the specially prepared online Google form for mentoring purpose. After receiving the responses from the students, the same were evaluated by the teacher.

The first “one to one” interaction of the mentor and the mentees on Google Meet/Zoom was held on 16th November 2021 for final year students, on 19th November, 2021 for second year students and on 24th November, 2021 for first year students. It was observed that the students were hesitant to discuss their weaknesses but after friendly talk they opened up. Students of SCoP batches were mentored for the scholastic guidance, psychological guidance and development of personality. The mentees were given the necessary tips to overcome their weaknesses, to develop their personality and to enhance their strengths for making the best use of the opportunities. The personal problems which were hampering their improvement were also discussed and suitable guidance was given for overcoming these problems. Guidelines were given for improving their communication skills, computer skills, physical fitness, positive attitude, time management skills etc for use of modern technology for upgrading knowledge, improvement of personality, contributing for betterment of society etc. Students were guided for improving academic performance in the university examinations. They are motivated for doing their studies properly by reading books on subject, magazines related to competitive examinations. They are motivated to improve their confidence level by participating in various competitions organized at department, college and intercollegiate level, listening to news. The students were informed about tough competition which they will have to face at the time of getting admission in P. G. courses of reputed colleges. They are also motivated for preparation of competitive examinations for their career from graduation level itself. They are asked to keep good friend circle, to read good books like

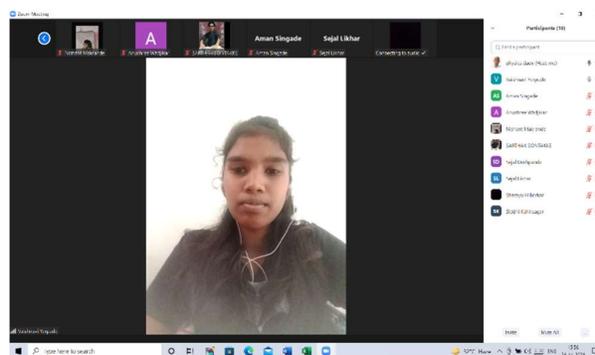

autobiographies of great persons, to keep cleanliness everywhere, to not to spend unnecessary time on mobile games, internet, sleeping and to respect elders. Psychological support was also provided to them whenever required. The disadvantages of being introvert were explained to them.

Mentor – Mentee Second Interactive Session Report

2021-22

The feedback for any improvement, any changes occurred in the students due to suggestions given in the first meeting was collected from the students in the second meeting which was held on 24th January 2022 for final year students, on 6th March 2022 for second year students, on 5th March 2022 for first year students. In the second meeting the students were more comfortable with the mentee. Some students frankly admitted that they got strengths to face the challenges of the life after attending the first session of the mentor – mentee interaction. Most of the students reported improvement. The following results which were found are encouraging.

- 1) Some students who were not attending the classes regularly started attending classes regularly.
- 2) The mentoring helped the students to study subject Statistics in a proper way and they scored good marks in university examination.
- 3) The students reported that their communication skills are enhanced by reading news-paper and extra books.
- 4) The students who were not participating in curricular and extra-curricular activities started participating in such activities and reported that their confidence level has increased by participating in different activities.
- 5) Some students informed that now they are not wasting time on mobile games and internet. Also, after mentoring they are not watching T.V. for longer time.
- 6) Some students started following rules and regulations.
- 7) Some students started taking efforts for improving communication skills, computer skills,
- 8) The students admitted that after first mentoring session they are able to face challenges by keeping positive attitude.
- 9) Some students proudly told that by helping others either in the college or at home or in society they feel satisfaction on their part and positive energy flows in them.
- 10) Some students reported that after first mentoring session they are able to manage their time properly and they are able to take decision properly.
- 11) Some students started preparation for future competitive examinations.
- 12) The students admitted that they can concentrate on the work in hand properly due to guidance of mentor.
- 13) Some students reported that they started reading autobiographies of great persons.
- 14) Some students also admitted that honesty is the best policy and hard work pays the dividend.

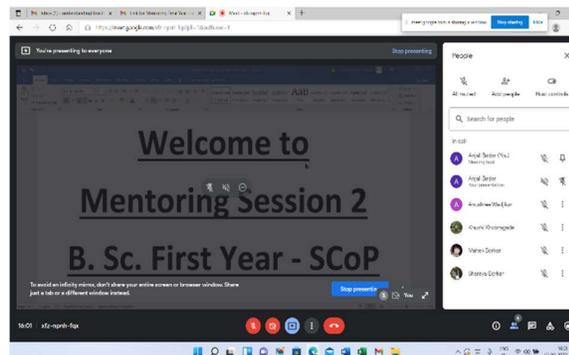

Second mentoring session was held on 5th March 2022 for following SCoP students of B. Sc. First Year, Session 2021-22.
