Seminar

On

Topic: “ Job opportunities in Telecom sector”

By

Mr. Yash Panhekar, ITS, GM, Telecom Project, BSNL, Jabalpur

Date: 19/01/2019

Report

Department of Chemistry and department of BCA jointly organized a seminar on “ Job opportunities in Telecom Sector “ on 19th January 2019. The guest speaker was Mr Yash Panhekar , General Manager, BSNL Telecom Projects, Jabalpur. Mr Yash Panhekar stressed that telecommunication network is bringing the world closed but effective communication skills are essential to bind the people together.

While interacting with students on the “Opportunities in Telecom Sector”, Mr Panhekar mentioned that telecom services are now an integral part of basic human needs. In the present era, one can’t live without mobile and internet services and hence there are ample opportunities in telecom sector. These depend on the customer needs which are in the field of mobile handsets, PC/ Laptops and its networking, software applications, in- building mobile coverage, bulk SMS and E-mail services, remote monitoring etc. This has facilitated us to complete our personal and business transactions while on move. There are several other opportunities generated by telecom operators in the field of OFC, mobile coverage, telecom infrastructure etc. Smart City Projects needs telecom services on a large scale for monitoring and online services.

Govt of India, through its National Optical Fiber Network (NOFN) project is connecting all 2.5 Lac Gram Panchayats of the country, on modern OFC Network with minimum 100 MP Speed, which has generated large scale opportunities in remote part of the country. It has facilitated online business transactions, banking, education, health services etc in remote villages, thereby both job and business opportunities in telecom sectors have increased manyfolds. Students and staff of college actively participated in the session and appreciated the importance of various attributes suggested by Mr Yash Panhekar.

Principal Dr P C Pawar, Dr Ambedkar college graced the occasion as president of the programme. Dr Deepa Panhekar, Head, Dept. of Chemistry, coordinated the program. Ms Priyanka Jain introduced Mr Yash Panhekar . Dr Prakash Bhongade , Head, BCA Dept. proposed vote of thanks. Mr Subhash Somkuwar, Head, Botany Dept., Dr Prashant Yende, Dr Harshala Pethe, Dr V M Shivankar, Dr Archana Meshram , Mr N G Telkapalliwar, Ms Priyanka Soitkar, Ms Shama Khan, Mr Vaibhav Bhagwat were prominently present. Mr Pravin Deharkar, Mr Umesh Patil, Mr Avinash Dhopte, Mr Anil Dhandar and students of chemistry department and BCA department worked hard for organizing the event. Programme was attended by large number of students.
