REPORT

With the advent of globalization and opening up of Indian economy to outside world, competition among the industries has become stiff. Industries need good students who are well aware of industry standards and are capable of achieving so. Interaction with industry is very much helpful to guide students about latest industrial practices. There is an urgent need of interaction of industry and academics where academic institutes can prepare students for jobs in industry and in return industry will also be benefited by possibility of receiving well-trained workforce.

For this to become a reality, bridging the gap between industry and the academic institute is a must and for this, Department of Chemistry, Dr Ambedkar College has established an **Industry - Academia Cell**. The function of the Cell is to promote closer interaction between the academic field and the professional field. The IAC will work for those interested students who are looking for industry related business opportunities.

Department of Chemistry organized the installation program of Industry Academia cell on 23/8/2019 in Room No. 1. Department of Chemistry will provide a platform for interested students with the complete guidance program to make sure how to go ahead with business opportunities in current scenario.

Dr. Deepa Panhekar, Head, Department of Chemistry welcomed the guests and informed the gathering about the various initiatives taken by the Department for students development and IAC is one of them.

Mr Rinkal Kawale, Secretary, IAC stated the objectives of IAC and announced the Executive body names which are as follows:

1. Mr. V. B. Varangaonkar (President)
2. Mr. Deepak Gupta (Vice President)
3. Mr. Rinkal Kawale (Secretary)
4. Dr. Deepa Panhekar (Coordinator)
5. Ms. Gyanlata Gupta (Member)
