A Report

On

“Donation Drive of Warm Clothes and the Distribution of Blankets to Unprivileged People of Streets in Nagpur on 22nd December 2021”

Social Outreach Cell, Dr. Ambedkar College, Deekshabhoomi, Nagpur

The increasing death rate in winter is not hidden from anyone. As warm clothes' prices get increased by hawkers and street vendors during the winter season, we feel that we should come forward and distribute warm clothes and blankets free of cost. People and livestock suffer a lot. People spending their life on the streets and footpaths have become a common sight in recent times. Impoverished people who can't manage the budget to buy a roof over their head struggle to survive on the footpaths and flyovers of well-built metro stations in different areas of Nagpur city.

The pleasure in fulfilling the basic requirement of people carries a different feeling that can't be explained in words. Homeless people mostly reside in streets by constructing shacks and wooden houses with available materials. They don't have clothes to cover their body, and they spend their winter without a blanket. And that's the reason behind the death of thousands of people every year in the winter season. Whenever we visit such places with our volunteers, we get a question in our mind that isn't our responsibility to assist such poor and needy people in living a life full of hope and opportunities?

In each shack, we come across several people and give them blankets along with clothes. Also, we distribute blankets to abandoned people living a hopeless life, and we are endeavouring to bring some shadows of hope in their lives. Through our blanket distribution activity this year, many poverty-stricken families have received the benefits that would eventually help them in surviving amid the cold and chilling winter. The core objective of the warm clothes and blanket distribution activity by Social Outreach Cell is to reduce the suffering of economically and socially backward people due to the cold wave.

The objective behind blanket and old clothes distribution is to provide the old clothes and blankets to the needy by distributing them on streets in Nagpur city. The distribution drive was conducted with the help of volunteers and various members of Social Outreach Cell of Dr. Ambedkar College, Deekshabhoomi, Nagpur on 22nd December 2021. These old warm clothes, blankets, and other items can be the reason for someone's fathomless happiness for who could put them to fair use. All the members of the cell and students participated in the program and distributed more than 40 blankets and Dozens of old clothes to underprivileged people in many areas in Nagpur city.
