Date: 12th -14th March 2020

Report

The much awaited annual sports event "KREEDA" under the affiliation of Seeding Labs, Boston was organized in Dr. Ambedkar College, Nagpur from 12th to 14th March 2020. More than 200 students participated in this 3 day inter-college event. The event started with the inauguration ceremony at the hands of Mrs. B.A Mehere, head of the Department of Biochemistry & Biotechnology and Dr. Deovrat Begde, campus-chapter advisor of Seeding Labs, India. As the field sports like Cricket, Football, Dodge ball started, the campus reverberated with enthusiastic cheers from the participants. The frolicsome atmosphere set the tone for the rest of the event. A tug-of-war game between the teams added to the enjoyment. Many side sports like Sack race, Arm fight were also organized. As the races began, the air was filled with cheering and tons of encouragement for the young athletes. A PUBG tournament was also organized this year. Blue team bagged prizes in Cricket and Dodge ball. White team won award in football. Green

team stood first in tug-of-war. The winners won many exciting prizes including cash prizes. The trophies and medals to the winners were given away by the faculty of Biotechnology department.

The major sponsor for the event was S. Prince Hightech Pvt.Ltd., Nagpur.
