REPORT

On

Orientation Program 2020-2021

The Department of Biochemistry and Biotechnology of Dr. Ambedkar College Deekshabhoomi, Nagpur had conducted an orientation program for the students of BSc semester 1 Biochemistry and Biotechnology on 20th October 2020 from 2.30pm to 4.00pm through online mode through Google meet application. The program was started with the introductory remark by Mr. Rohan Thaware, Coordinator of the program. He gave a brief introduction about the college and the department as well. Followed by this, Dr. B. A. Mehere, Head of the Department gave welcome address to the students and congratulated them best luck for their future.

The faculty of the department introduced themselves to the students and informed them about various research activities conducted by them in the department, in order to inspire them. Nonteaching staff members also participated in the online meet. This was followed by introduction to the subject and respective syllabus. All the students were informed about the examination pattern and total marks. They were informed about the core library, instruments and facilities present in the department.

University websites for searching syllabus, question papers and latest updates were introduced to the students.

How relevant and helpful do you think it was for your studies?

24 responses

What were your key take aways from this orientation?

13 responses

Introduction and process of bsc

It strictly focus and concentrate towards the developing good future and pillars of student

Good

According to me in these field of biotechlogy and biochemistry I will gain huge amount of knowledge about various things .

To get quality education

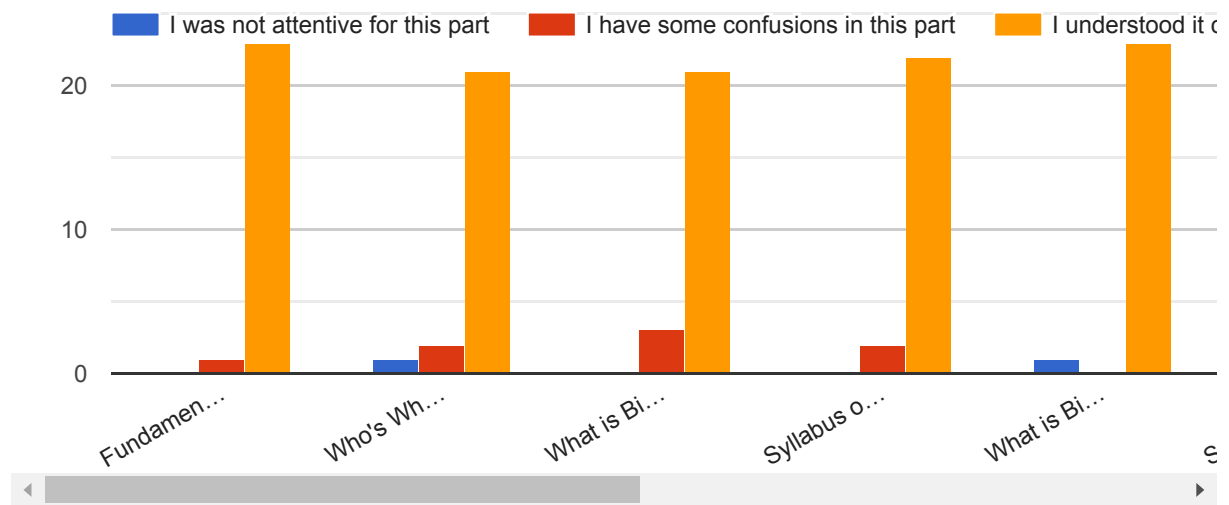

We need to focus not only education but also extra knowledge skills .

Hardwork , dedication and discipline

information

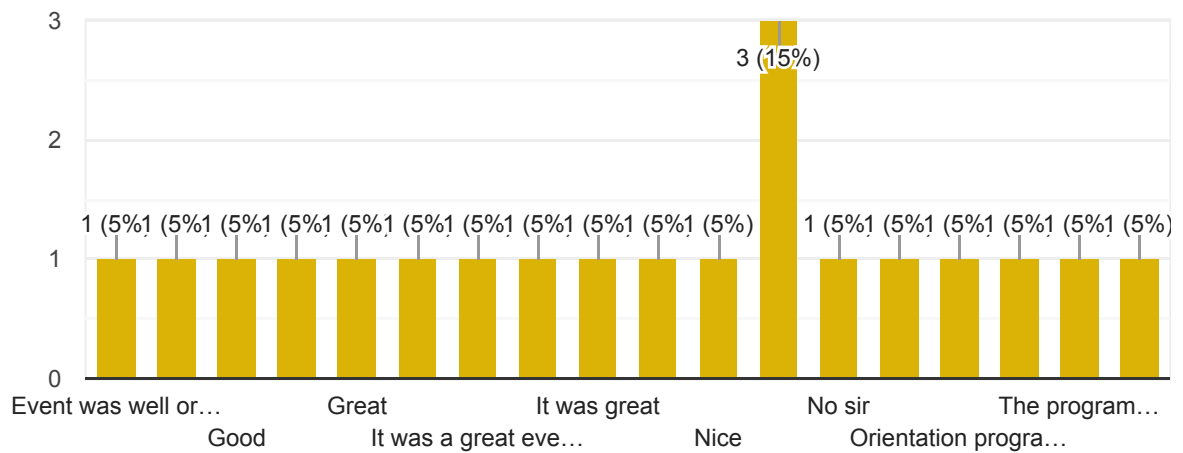

Which part of the program you understood well?

Any overall feedback for the event?
