UG Seminars (Participative Learning Activity)

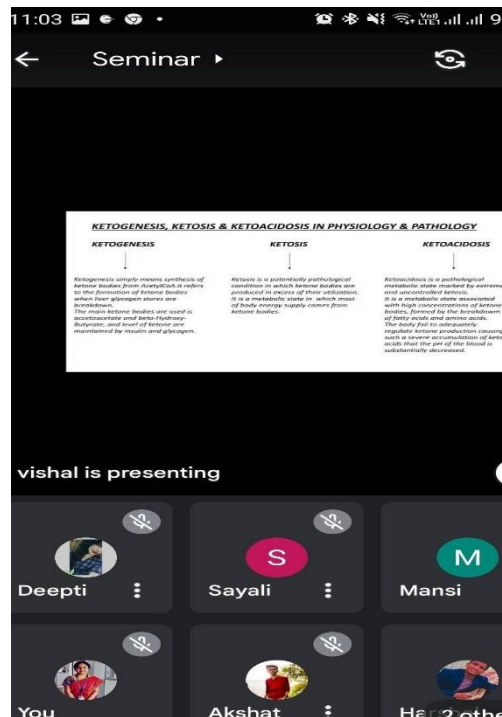

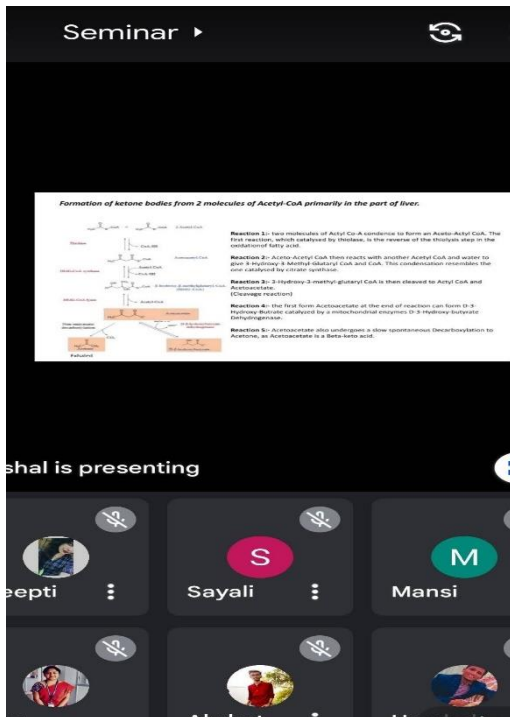

A Report

Department of Biochemistry and Biotechnology, Dr. Ambedkar College, Deekshabhoomi, Nagpur organized UG seminars (Participative Learning Activity) on 18th December 2021 at 12.00 Noon on the Google meet platform in online mode. UG seminars are a participative Learning activity conducted for students to create awareness, to enhance communication skills, soft skills, and presentation skills amongst graduate students. Seminars provide a chance to interact and discuss the relevant topics of the particular subject which are chosen by the students. Hence, they tend to learn about the latest information and new skills related to the concerned subject in presence of experts i.e Faculty members of relevant fields. Many students came forward after two active participation realizing the importance of seminars, which is immense as they help students analyze, be updated on the latest trends, understand concepts and expand their network.

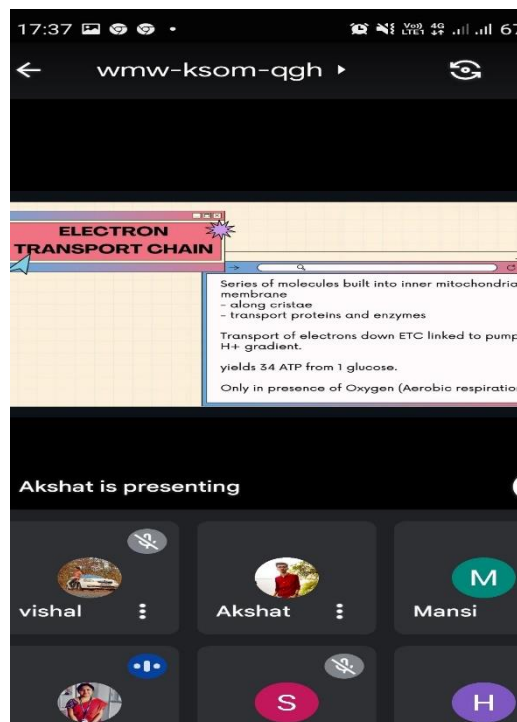

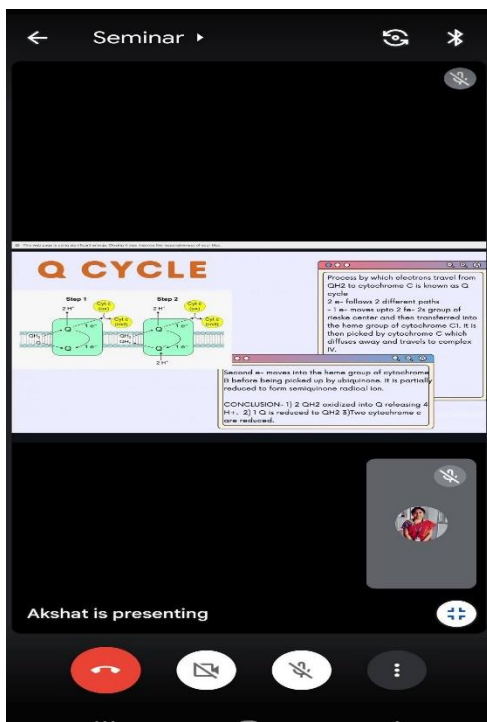

Seminars have also helped the students to assess themselves and improve in the areas in which they were lacking. Students got updated with the knowledge and at the same time gained confidence about the subject. Seminars have helped the students to assess themselves and improve in the areas in which they were lacking. At the end of each seminar, students were asked to put their queries for effective interactions and experts have helped them answer their queries.

Around 35 students attended the seminars enthusiastically and asked questions to the presenters. The response was highly positive. Dr.Utpal Dongre, Head Department of Biochemistry and Biotechnology and Dr.Deovrat Begde, Assistant Professor, Dept of Biochemistry and Biotechnology, DACN, Nagpur were the subject experts. The program was conducted by Prof.Rita Lakkakul, Assistant Professor, Dr. Ambedkar College, Deekshabhoomi, Nagpur.
