### **A Report**

Department of Biochemistry and Biotechnology of Dr. Ambedkar College, Deekshabhoomi, Nagpur has organized a one day '**Interdepartmental skill development programme**' for the students of the Zoology Department of Dr. Ambedkar College, Deekshabhoomi, Nagpur. Mr. Pradip Hirapure very well explained the techniques involved in molecular Biology. He explained and gave demonstration of all the different types of Gel electrophoresis, SDS-PAGE, UV Visible Spectrophotometry, PCR and Gel documentation instrument and how to use it.

The main aim and objective is to impart relevant skills training to all the students of zoology for opening up job opportunities and creating space for the talent development. Dr. Utpal Dongre, Assistant Professor and Head Department of Biochemistry and Biotechnology explained about the laboratory maintenance to all the Teaching and Non-Teaching faculty members of Zoology Department. In total, around 56 students from the department of Zoology were present out of which 10 were boys and all others were girls.
