

REPORT
INDEPENDENT ACTIVITY CONDUCTED BY STUDENTS
DATE: 25/03/2019
'BEST FROM THE WASTE'
ENVIRONMENTAL AWARENESS PROGRAMM

Annually all the students submit various assignments for all the faculties and they are generally submitted in plastic transparent folders and files. Some of the assignments are written in registers and only a few pages are engage.

Rest of the pages in 50s and 100s remain blank. Assignments after examining are returned to students for their information. To prepare record of these assignments, they are collected back and stored. Almost all departments conduct at least one activity towards environmental awareness also.

We thought it fit to take an initiative on making these used files and folders as well as registers for a proper and suitable cause. Towards this, a brainstorming session on these waste material can be used was conducted. Students were also allowed to share their ideas.

Students were called to Language Laboratory and given the stored assignments. They sifted through and separated plastic folders and registers. They were allowed to taken these for re-using them next session. Some of the students carried more number of folders to give to needy students. Students thanked the teachers for this novel activity.

Dr. Shailesh Bahadure, Ms. Anita Tirpude, Mr. Manoj Andraskar supervised the activity.
