Scientist/Professor interaction which will be held on 29/08/2022 at 12pm.

Glimpses of the programme:

Brief Report: Department of Biochemistry and Biotechnology, Dr Ambedkar College organized interaction session of faculty member with retired scientists where Dr Ashok Dongre, Ex-Emeritus Scientist, CICR, Nagpur was the guest of honour on 29/08/2022 at 12pm. Dr. Utpal Dongre sir (Head, of Department of Biochemistry and Biotechnology) welcome and introduced the guest speaker. Dr. Ashok Dongre sir delivered a wonderful talk covering many topics such as comparison of current education and the education at their time, how to build a good connection with students and research oriented teaching. All the faculty members enjoyed the conversation and then asked appropriate questions. Later, Dr. Utpal Dongre sir has proposed the vote of thanks. All nine staff members were attended the session.

Name: Shubeta Paranjape

Date: 29/08/2022

Place: Dr. Ambedkar College, Deekshabhoomi, Nagpur

Guest: Dr. Dongre

Feedback:

The interaction was very nice. Sir, discussed his known achievements during his career. He told the only way to success is to do hard work to be precise smart work.

Retired Scientist/Professor interaction
Feedback form

Name: Pradip V. Hirapure

Date: 29/08/2022

Place: Dr. Ambedkar College, Nagpur

Guest: Dr. A. P. Dongre, Ex. Scientist ~~ESTR~~ ICIR, Nagpur

Feedback:

From the interaction with Dr. Dongre we learn
How Teacher should work in Academic institute
to impart the Research skills student -

How we should explore ourself in Research
field.

From the Experience of Dr Dongre
we learn lot of things which are important
to us for the development of our Teaching
and Research skills.
