A Report

Dated: 28th April 2023

Department of Biochemistry and Biotechnology, Dr.Ambedkar College, Deekshabhoomi, Nagpur has organised a computer training programme for non – teaching staff of the department on 28th April 2023 at 2.00 P.M. Incharge Ms. Rita Lakkakul gave training to the staff regarding how to use Microsoft word, Excel and Basics needed in day to day life. Computer literacy or skills training programme is one of such opportunities; it is a capacity building strategy that empowers individuals or institutions to be knowledgeable in the use of computer applications. In other words, a person who knows how to use the machine to complete any task is a computer literate. Computer literate often connotes little more than the ability to use several very specific applications (usually Microsoft Word, Microsoft Excel, Microsoft Internet Explorer, and Microsoft Outlook) for certain very well-defined simple tasks, largely by rote. Multi-lateral institutions are strongly advocating the building of knowledge societies where the power of information and communication helps people access the knowledge they need to improve their daily lives and achieve their full potential. The Non- Teaching staff of the department of Biochemistry and Biotechnology, Mrs.Leena Kamble, Mr.Avinsah Chauhan, Mr. S.Khadatkar, Mr.V.Bhaisare and Mr.Rohit Bhaisare participated in the training program and gave a good response.
