“Think about the odd”

ONLINE WEBINAR by CS Tushar Pahade

10th November, 2020

Report

We tend to follow the crowd and generally are scared to take the odd path. But taking this odd way with the right approach is very important. For this, we need to understand our own interest and strength. Yes, even with taking a odd track one can be successful.

The speaker for this session was CS Tushar Pahade, who is the living example of taking an odd path and is successful. During his talk, he spoke about his journey, right from his school days, how from an average student he became school and university topper. He also suggested students to talk about their interests to their parents openly. There should not be any communication gap between parents and their children. Also, one should have a guiding person, students should reach out to their teachers or anyone who is knowledgeable. One should not come under any kind of pressure and then choose their career, explained the speaker.

The whole session was very enlightening for the students, as they kept on asking queries related to the topic and were seeking career related suggestions from the guest speaker. The session was attended by over 100 students. Students from science and commerce stream attended the program.

Dr Varsha Panbude, Head, Dept. of Commerce welcomed the guest . Prof. Dr. Deepa Panhekar, Head of Chemistry Department and Faculty Advisor, ACS Intl. Student Chapter summed up the session and motivated students to discover their strengths. Introduction about ACS was given by Ankita Khonde. Dr. Kaveri Purandhar, Secretary, Chemistry Alumni

Association, DACN moderated the discussion. Ms. Janhavi Gawande presented vote of thanks. Ms Swarnima Burande, Chapter Secretary, was the host for the event. Faculty members, Dr Ratnnadeep Sawant, Mr Parag Panse and Dr Durga Puttevar attended the program. This talk was organized jointly by ACS Intl Chapter, Chemistry Alumni Association and Department of Commerce of Dr. Ambedkar College. Officiating Principal, Dr B A Mehre congratulated ACS Chapter, Chemistry Alumni Association and Dept of Commerce for the successful organization of the program.
