REPORT

In order to spread the knowledge and to develop interest and curiosity among students about the incredible facts and studies of chemistry, and to make aware UG & PG Students about Opportunities in the field of science by considering Chemistry as a core subject, PG Department of Chemistry, Dr Ambedkar College under the aegis of ACS International Student Chapter, DACN organized a Guest Lecture ON “Opportunities in Science” on 29.03.2023.

The resource person for this session was Dr. Nandkishor S. Chandan Sir who is an Associate Professor & Head, Department of Chemistry at Siddharth College of Arts, Science, Commerce, Fort Area, Mumbai, who has done his Ph. D. in Chemistry from Oxford University, United Kingdom. He has 20 years of teaching experience and publishes many research papers in reputed journals with high value of work. With this fine expertise, he was invited to guide UG & PG Students of Chemistry, regarding Opportunities in Science, in various fields of Chemical and Pharmaceutical Industries; job opportunities in Government & Private sectors; opportunities of higher studies and learning in various academic institutions, CSIR Laboratories in India and Abroad and Scholarship facilities and schemes to pursue Ph. D. abroad. And he discussed all the aspects of opportunities with the student, and interactively motivated our young minds.

He beautifully elaborated the meaning of chemistry and motivated students that they can achieve anything that they dream and want from their life if they proceed in a proper way of learning and by working hard. He mentioned SWOT Analysis with the students to get idea of how to overcome every obstacle which comes in their path of success. He also congratulated/felicitated our ACS chapter members by giving them certificates for their excellence and outstanding performance in ACS International Student Chapter, DACN.

A very good response received from students as well as from teachers. All the experience from this was really staggering.

For this activity, ACS Chapter Student members were supervised by Prof. Dr. (Mrs.) Deepa Y. Panhekar, Head, Department of Chemistry and Faculty Advisor, ACS Intl. Student Chapter, DACN, to conduct the session smoothly and effectively. Dr. Ratnnadeep Sawant and Mr. Parag Panse provided the technical assistance and also helped in the smooth conduction of the activity.
