Sharma Industrial Estate, Hingana Road,
Nagpur.

Subject: Industrial visit of Undergraduate students of Chemistry on 08/04/2022.

Dear Sir,

We introduce ourselves as one of the leading educational institutions in Central India offering courses in Science, Arts, Commerce and Law faculties.

As per the syllabus of Nagpur University the undergraduate students of Chemistry are required to visit different industries and laboratories.

To get acquainted with the Plastic and Polymer industry, its R & D functioning, students of Chemistry from our college intend to visit your esteemed industry.

I sincerely hope you will permit them and provide assistance in getting acquainted with the functioning of your industry for their academic benefits.

We assure you our students will maintain complete discipline.

Thanking you in anticipation.

Yours sincerely

(Dr. B. A. Mehere)
Officiating Principal,
Dr. Ambedkar College,

INDUSTRIAL VISIT REPORT

Bharat Plastic Industries

Organized by Department of Chemistry: Session 2022-23

Department of Chemistry, Dr. Ambedkar College, Deekshabhoomi, Nagpur organized an industrial visit of the students of under graduation to Bharat Plastic Industries, Hingana, Nagpur on April 8th 2022.

About 50 students opting Chemistry as one of the major subjects along with tour Coordinator Dr. Mrs. D. M. Borikar and Teacher in charge Dr. V. M. Shivankar and Dr. N. G. Telkapalliwar, were updated regarding the functioning of the industry by the Director Mr. Shrikant Dhondarikar.

Bharat Plastic Industries, established in the year 1998 are considered as one of the respectable manufacturers, suppliers and traders of an unmatched quality collection of Pesticide Bottles, Catering Plates, Water Bottles, Juice Bottles and many more.

Students witnessed a well-equipped infrastructural unit which is installed with all sophisticated tools, machines and technology. The raw materials used were thermoplastic, thermoplastic elastomers, thermosets, rubbers, adhesives, foams, fluoropolymers, modifiers, colorants, fillers, processing, blowing agents.

Making of the bottles from the plastic cuvettes with the help of high pressure blow method was very interesting.

All the students enthusiastically interacted with the Director and the concerned persons on the machines who explained the manufacturing process. The authorities also encouraged the students for the Start up business in the field of plastic and polymers.
