## October 17, 2022 Alumni Interaction

Being the alumnus of our college, Dr. Varsha Dhurve, Professor & Head, PGD Zoology, RTMNU, Nagpur was very eager to share his experiences of his the then stay. He saw the early phase of the college development which he shared with the interested students in the department of Zoology laboratory. A remarkable interaction on a brief notice was much cherished by the students and enjoyed the momentary shift in that time frame of his stay.
