Program Details:

Program Name: Departmental Student Induction Program "Deeksharambh 2023"

Conducted by: Department of Biochemistry and Biotechnology, Dr. Ambedkar College, Deekshabhoomi, Nagpur

Date and Time: 12th September 2023 at 1 PM

Venue: Biochemistry Laboratory

The Departmental Student Induction Program "Deeksharambh 2023" was organized by the Department of Biochemistry and Biotechnology at Dr. Ambedkar College, Deekshabhoomi, Nagpur. The program aimed to introduce new students to the department, familiarize them with the academic environment, and provide an understanding of the vision and mission of the institution. The program was chaired by the college's Principal, Dr. B A Mehre Ma'am, and witnessed the presence of the Head of the Department, Dr. Utpal Dongre, along with other dedicated teaching and non-teaching staff. The program commenced with a warm welcome address delivered by Dr. Utpal Dongre, expressing heartfelt greetings to the incoming students and setting the tone for the day's proceedings. Mr. Rohan Thaware, the program's Coordinator, took the stage to deliver an enlightening presentation. He emphasized the historical significance of the college's location, Deekshabhoomi, where Bharat Ratna Dr. B. R. Ambedkar embraced Buddhism, leaving a lasting impact. Mr. Thaware shed light on the department's vision and mission, highlighting the distinct academic experience that awaited the students, distinct from their prior schooling.

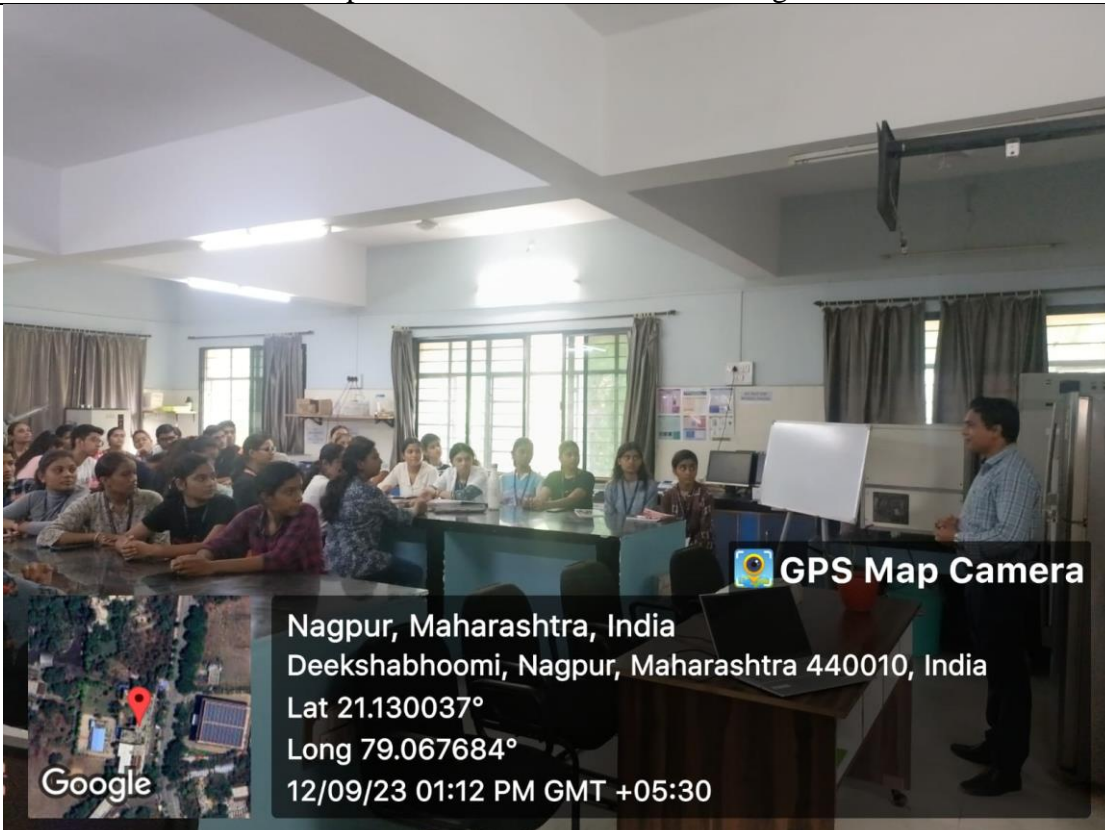

Mr. Thaware provided an overview of the department, introducing the students to the faculty members, including both teaching and non-teaching staff, as well as visiting faculties. The attendees paid a humble tribute to the Late Mrs. Shweta Paranjape Madam, a revered member of the department, acknowledging her significant contributions. A special segment of the program welcomed the newly admitted teachers, encouraging a sense of community and collaboration within the academic fraternity. Students were apprised of the educational activities within the department. Notably, the department's recognition by RTMNU University as a center for higher education was emphasized, underscoring its distinguished status. Mr. Thaware informed the students about the presence of three Ph.D. supervisors specializing in Biochemistry within the department. Additionally, he outlined various other activities regularly conducted by the department.

The program featured an in-depth introduction to the subject of Biochemistry and its corresponding syllabus, ensuring the students were well-informed about their academic journey. Furthermore, the amenities available to aid their academic pursuits within the department were highlighted. In an effort to foster holistic growth, students were actively encouraged to participate in the department's extracurricular activities, promoting a well-rounded educational experience. "Deeksharambh 2023" provided a comprehensive initiation for the incoming students, introducing them to the academic ethos and opportunities within the Department of Biochemistry and Biotechnology. The program aimed to instill a sense of belonging and enthusiasm, setting the stage for a fruitful and enriching academic journey at Dr. Ambedkar College.
