Entrepreneurial philosophy ultimately reduces unemployment rate, particularly educated youth. Examining tourists industry and tourism industry processes are the principal phase to empowering the educated youth to undertake tourism business. The tourism industry is viewed as the agent of change in economic and social changes. Tourism entrepreneurship eliminates societal problems, but surge the fiscal growth and development of a country, resulting to rise in country GDP. Employment has continually been a dominant subject in development. Employment is vital to successful and viable growth. The tourism business is one of the largest, fastest growing sectors. Tourism is travel for pleasure or business; also the theory and practice of touring, the business of attracting, accommodating, and entertaining tourists, and the business of operating tours. The tourism industry is considered as an indispensable role in job creation.

Maharashtra is the hub of hill stations in India and famous for natural tourist destinations. Seven Sisters hill is trekking places on beautiful hills. Seven Sisters hill known as Satbahini Dongar in the local area. This mountain is situated at Perjagarh, its 459m tall and 35 km long mountain range up to Nagbhir Tehsil. Seven sisters lived on this mountain named Ambai, Nimbai, Muktai, Lakshmi, Saraswati, Mahakali and Durga and some local people told us that these sisters used to live in the caves of the hill in ancient times and they died by jumping from the hill Hence the name of this place is Seven Sisters Hills. Seven Sisters Hill is situated in the forest area of Parjagarh and here we can see complete greenery all around us. Seven sisters hill famous for Trekking in winter and rainy season. People from the nearest village worship here during Makar Sankranti and Mahashivratri. Here can see the beautiful sunset & sunrise and wild animals. Beautiful clouds are in the rainy season.
