Report

SCIENCE EXHIBITION NATIONAL SCIENCE DAY- 2024

National Science Day is celebrated every year on February 28, providing an opportunity for budding scientists and science enthusiasts to reflect on the impact of science on our lives. As per history, this date marks the discovery of the Raman Effect by Indian Physicist Sir C. V. Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930. This day signifies as a reminder of India's scientific achievements and contributions to the universal arena. This year's theme emphasizes the new era of opportunity for the people and scientific fraternity, both internationally and domestically for collaborating and working together towards contributing to the humanity and well-being of India as a whole, Reflect the strategy based focus towards promoting awareness between the public and appreciation regarding indigenization of science and technology and innovation.
