Introduction :

On March 22, 2024, our organization hosted a significant event centered around the crucial topic of women's health and hygiene. With a focus on raising awareness and empowering women, the event comprised two engaging rounds: a rapid-fire session and a quick 10-second question round.

Participants :

We were delighted to welcome twenty enthusiastic participants who actively engaged in discussions and activities throughout the event. Their presence and participation greatly enriched the experience and contributed to the success of the event.

Round One: Rapid Fire

In the first round, participants showcased their knowledge and quick thinking on various aspects of women's health and hygiene through a rapid-fire questioning format. This round not only tested their understanding but also encouraged them to share valuable insights and tips with the audience.

Round Two: 10-Seconds Questions

The second round added an element of excitement as participants had to answer questions related to women's health and hygiene within a mere 10 seconds. This challenging yet fun segment helped to keep the energy high and ensured active engagement from both participants and attendees.

Recognition and Appreciation:

At the conclusion of the event, we were pleased to present each participant with a certificate of participation, recognizing their promotion of women's health and hygiene. Additionally, as a token of appreciation, each participant received a bracelet symbolizing strength and solidarity in advocating for women's well-being.

Acknowledgement :

The success of **Women's Health And Hygiene** program was made possible by the dedicated guidance and support of Dr. Mrs. Deepa Panhekar, Faculty Advisor, and Ms. Karuna Shahani, Assistant Professor, and the entire ACS team. Their collective efforts ensured the smooth execution and success of the event, providing students with a memorable and enriching experience.

Conclusion :

Overall, the Women's Health and Hygiene Event was a resounding success, thanks to the active participation of our enthusiastic attendees and the dedication of our organizing team. By fostering open discussion and sharing valuable information, we hope to have made a meaningful impact in promoting awareness and understanding of women's health issues. We look forward to organizing similar events in the future and continuing our efforts to empower and support women in our community.
