

Name of the Programme	: <u>(</u>	Career Pathfinder Program (2024)
Date of the Programme	:	23/02/2024
Number of Participants	:	56
Hosted by	:	Dept. of Physics
Resource Person	:	Dr. Bharati Mahendrakar

## Dr Ambedkar College, Deekshabhoomi, Nagpur

### **Department of Physics**

### NOTICE

 Date :19/02/2024

 All students are here by informed that the Department of physics is organizing "Career

 Pathfinder Program

 for session 2024" on February, 23<sup>rd</sup>, 2024, at 11:00 am. It is Compulsory for

 all students, teaching and Non- Teaching staff should remain present at 11:00 am.

 Coordinator of Mentoring Session

 Dr Aarti Wazalwar

### **Report on Career Exploration Program**

The Career Orientation Program, held on February, 23<sup>rd</sup>, 2024, aimed to provide participants with comprehensive guidance and resources to make informed career decisions. The program was designed to assist individuals in exploring various career paths, understanding job market trends, and developing essential skills for professional success.

#### **Objectives:**

- 1. To help participants identify their interests, strengths, and career goals
- 2. To familiarize participants with different career options and industries.
- 3. To equip participants with essential job search and interview skills.
- 4. To provide networking opportunities with industry professionals.
- 5. To empower participants to make informed decisions about their future careers.

In an innovative move to break away from traditional lecture formats, the Physics Society student committee, under the guidance of Dr. Mrs. N.V. Pradynakar (Coordinator), Dr. Mrs. Pranita Deshpande (Co-cordinator) and Dr. Mrs. A.N. Wazalwar (HOD, Physics), and with the encouragement of Dr. Mrs. B.A. Meher (Principal), organized an interactive session on career opportunities in Biophysics. Dr. Bharati Mahindrakar, Associate Professor & Medical Physicist from Mahatma Gandhi Institute of Medical Sciences, Sevagram, district Wardha, enlightened participants on the role of physics in cancer care and career opportunities in Biophysics, providing detailed information about relevant courses and institutions. Madam also threw light on career options like medical physicist and Radiological Safety Officer, their criteria and job profiles. She also discusses that by choosing these career options one can get higher designation and find satisfaction in their life. This unique format fostered a dynamic exchange of ideas and career insights. This interactive session served to inspire students not only to explore the practical applications of physics but also to consider future career possibilities within the scientific field. The Career Orientation Program successfully fulfilled its objectives of guiding participants in exploring career options, developing essential skills, and facilitating networking opportunities. The program received positive feedback from participants, indicating its effectiveness in helping individuals make informed career decisions and embark on their professional journeys.

The vote of thanks was given by Pranali Shingade. This program aimed to go beyond academics, fostering valuable life skills among students. The events promoted teamwork, leadership qualities, and coordination. Refreshments were provided to all attendees.

#### Head of the Department

### Feedback:

Your experience of the Interview Session - Anubhuti 2024.	Interview was great. I have learned so much				
Good	Best interview session				
3 responses	1 response				
It was great experience and learning curve for me . I have learned lot from industry experts.	Very nice session				
1 response	1 response				
Interview session was much good and the information was acknowledgable	It was nice				
1 response	1 response				
Which other topic would you like to be discuss in the next guest lecture?	Regarding business and forums				
Secure investment in early teenage for long term capital gain	Interacting with guests				
1 response	1 response				
Education qualification of political leaders	About competitive exams				
1 response	1 response				
Solving Today problem of students	About money making				
1 response	1 response				
Were you satisfied with the Program?	Did you like the overall arrangement of the program?
