We are inviting

*Mr. Pratap Shukla*  
CEO & Founder Take It Home Innovation Solutions Pvt. Ltd.  
&  
*Dr Bhushan Mahajan*  
Assistant Professor and CEO, Business Development Centre, Institute of Engineering & Technology, Nagpur, Maharashtra.

**अनुभूति**  
.....Let's Chat Over Future

WE WILL BE HIGHLY OBLIGED BY YOUR  
EMINENT PRESENCE IN THE EVENT

TRADITIONAL DAY  
1st March 2024  
TIME 11:00 AM  
VENUE : KUMBHARE AUDITORIUM

## Day 1: Traditional Day – Anubhuti 2024

The Department of Physics at Dr. Ambedkar College, Deekshabhoomi Nagpur, organized a three-day Physics Fest from March 1<sup>st</sup> to 3<sup>rd</sup>, 2024. The festival kicked off with a theme celebrating Indian heritage, aptly named "Traditional Day." The anchoring was done by Aditya Ruhikar and Kristina Tayde. The inauguration ceremony boasted the esteemed presence of the Principal, Dr. B.A. Mehere. Adding prestige to the event were guests of honour, Mr. Pratap Shukla, CEO & Founder of Take It Ideas Innovative Solutions Pvt. Ltd., and Dr. Bhushan Mahajan, Placement Officer and CEO of Business Development Center Incubein Foundation RTM Nagpur University. Dr. Mrs. A.N. Wazalwar, Head of the Department of Physics, also joined the esteemed gathering.

In an innovative move to break away from traditional lecture formats, the Physics Society student committee, under the guidance of Dr. Mrs. N.V. Pradynakar (Coordinator) and Dr. Mrs. A.N. Wazalwar (HOD, Physics), and with the encouragement of Dr. Mrs. B.A. Meher (Principal), organized an interactive talk show named "Anubhuti." Ms. S.P. Patinge skilfully led the conversation as the interviewer, engaging with Mr. Pratap Shukla and Dr. Bhushan Mahajan. This unique format fostered a dynamic exchange of ideas and career insights. The talk show served to inspire students not only to explore the practical applications of physics but also to consider future career possibilities within the scientific field. The vote of thanks was given by Ayush Fendar.

The Physics Fest aimed to go beyond academics, fostering valuable life skills among students. The events promoted teamwork, leadership qualities, and coordination. Refreshments were provided to all attendees, and a unique "Indian States Traditional Ramp Walk" allowed for student participation and enjoyment.

## Day 2: Sports Day

To continue the festivities, the Department of Physics organised a dedicated Sports Day on March 2<sup>nd</sup>, 2024, as part of the Physics Fest. The event was held on the college's designated sports ground in the lead of Sahil Kshrisagar. A dress code was implemented to promote camaraderie and year-level spirit.

The first-year students wore white t-shirts, the second-year students wore red, and the third-year students wore blue. The Sports Day featured healthy competition in a variety of sporting disciplines. The third-year boys won the cricket tournament, demonstrating their teamwork and cricketing skills.

However, the first-year boys stole the show on the football pitch, demonstrating their agility and tactical abilities. Finally, the third-year girls demonstrated their intellectual prowess when they won the Treasure Hunt competition.

### Day 3: Western Day – Open Stage Performance

The final day of the Physics Fest, March 3<sup>rd</sup>, 2024, was designated as "Western Day" and held within the college auditorium hosted by Ayush Fendar and Sujal Kohale. This event aimed to encourage student participation in extracurricular activities and showcase their talents. The festivities commenced at 11:00 AM with a captivating dance performance, setting the tone for the day.

Student enthusiasm was evident throughout the event, with a multitude of dance performances exceeding expectations. To add a touch of light-hearted competition, various games were conducted, keeping the audience thoroughly entertained.

Following the games, a music system was set up, inviting students to unwind and enjoy further dancing. To ensure a satisfying conclusion, a well-organized lunch was provided at the end of the program. At the end, prize distribution ceremony was done.

As the three-day Physics Fest drew to a close, students captured photos together, solidifying the beautiful memories they created – experiences they will undoubtedly cherish for years to come.

# Feedback:

<p>Your experience of the Interview Session - Anubhuti 2024.</p>	<p>Interview was great. I have learned so much</p>
<p>Good</p>	<p>1 response</p>
<p>3 responses</p>	<p>Best interview session</p>
<p>It was great experience and learning curve for me . I have learned lot from industry experts.</p>	<p>1 response</p>
<p>1 response</p>	<p>Very nice session</p>
<p>Interview session was much good and the information was acknowledged</p>	<p>1 response</p>
<p>1 response</p>	<p>It was nice</p>
	<p>1 response</p>
<p>Which other topic would you like to be discuss in the next guest lecture?</p>	<p>Regarding business and forums</p>
<p>Secure investment in early teenage for long term capital gain</p>	<p>1 response</p>
<p>1 response</p>	<p>Interacting with guests</p>
<p>Education qualification of political leaders</p>	<p>1 response</p>
