

STUDENTS MENTORING SYSTEM

Mentoring is just-in-time help, insight into issues, and the sharing of expertise, values, skills, and perspectives. Mentors function as a catalyst—an agent that provokes a reaction that might not otherwise have taken place or speeds up a reaction that might have taken place in the future. Mentoring is collaboration – a caring, sharing, and encouraging relationship with a focus on the enhancement of the mentee's growth and skill development. For mentees, the value of forging a close, ongoing, and evolving relationship with a mentor in their field can be tangible, such as increased compensation and greater career opportunities, or more abstract, such as building confidence through awareness about the vernacular and traditions of the profession.

Goals & Objectives

- Help identify career paths for students and support students' personal growth.
- Provide an opportunity for students to learn and practice professional networking skills.
- Equip students with the understanding and tools to make ethical and informed decisions.
- Shape students into confident graduates with excellent leadership, communication, critical thinking, professionalism and other skills important to the transition to the world of work.
- Help students identify and pursue opportunities for employment related to their degrees.

STEPS FOLLOWED BY DEPARTMENT FOR MENTORING PROCESS

- **Mentoring Process & SWOC Analysis**

Mentoring Process & SWOC Analysis was conducted by all the faculties using Online Platform Google Meet. The importance about SWOC was explained to students i.e. Strength, Weakness, Opportunities & Challenges.

Segregation of mentor and mentee

- ✓ In BCA SEM-I, there were 120 students. We divide all 120 students amongst all seven faculty members as a mentor in a group of 17 students as mentee.
- ✓ The lists of the mentors are Dr. Prashant Yende, Dr. Harshala Pethe, Mrs. Priyanka Soitkar, Ms. Shama Khan, Mrs. Supriya Ranade and Mr. Vaibhav Bhagwat. The list of mentor-mentee is attached with report.
- ✓ We distributed and collected the Mentee's Record form from mentees with required details. The Mentee's form contains the following sections: Personal details, Academic Details, Achievement/Award, Medical/health issue, SWOC analysis .

- **Interaction with mentee**

- ✓ Interaction is done with the mentee by asking them questions regarding their academics and personal issues and solution is provided by mentor.
- ✓ Remarks are to be filled in their form in three sections : Scholastic guidance, Psychological guidance and Development of personality.
- ✓ Students are advised to keep a balance between academics and personal responsibilities.

- **Outcomes**

- ✓ It also provides psychological support to the students
- ✓ It also helps in improving their communication and personal skills
- ✓ All the students try to overcome their weaknesses and threats using SWOC analysis.
