

DR. AMBEDKAR COLLEGE, DEEKSHABHOOMI, NAGPUR

Name of the Program: Holi Day Awareness and Celebration Program
Organised by : American Chemical Society International Student Chapter
Venue of Program : Department of Chemistry
Date of the Program : 22nd March 2024
Number of Participants: 40

The Holi Day Awareness and Celebration Program was organized by the students of Dr. Ambedkar College under ACS Students chapter to promote cultural understanding and celebrate the vibrant festival of Holi. The event aimed to educate participants about the significance of Holi and foster a sense of community spirit among students and faculty. Our objective is to explain the chemistry of colors used in Holi and to aware about the precautions to ensure safe and enjoyable Holi celebration. The cultural significance of Holi. Promote inclusivity and diversity within the college community.

- The event commenced with an introduction to the significance of Holi, emphasizing its cultural importance and traditions.
- Presentations were conducted to explain the chemistry of colors used in Holi, providing insights into the scientific aspects of the festival.
- Participants were educated about precautions to ensure safe celebrations, including the use of organic colors and water conservation measures.
- Cultural performances and interactive sessions were organized to engage participants and enhance their understanding of the festival's cultural significance.
- Inclusivity and diversity within the college community were promoted, fostering a welcoming and accepting environment for all.

The organizing committee, comprising students from the ACS International Student Chapter, received guidance and supervision from esteemed faculty members:

Dr. Deepa Panhekar (HOD Chemistry and Faculty Advisor, ACS Intl. Student Chapter) Dr. R. C. Sawant (Faculty Co-Advisor), Mr. Parag Panse (Assistant Professor), Dr. Pravin Deharkar (Assistant Professor), Ms. Karuna Shahani (Assistant Professor).
