

# DR. AMBEDKAR COLLEGE, DEEKSHABHOOMI NAGPUR

DEPARTMENT OF CHEMISTRY

*American Chemical Society International Student Chapter*

## BEST OUT OF WASTE

**Name of Program:** Best Out of Waste

**Organised by:** Department of Chemistry Under the Aegis of American Chemical Society International Student Chapter.

**Venue of Program:** Room no. 301, Dr. Ambedkar College, Nagpur.

**Date of the Program:** 4<sup>th</sup> September 2024.

**No. of Participants:** 60

The **Department of Chemistry** successfully organized a "**Best Out of Waste**" program, fostering creativity and environmental awareness among participants. The activity was led by **D.K. Rai** from New Delhi, who skillfully guided the participants in transforming waste materials into useful and artistic items. The program was conducted under the supervision of **Dr. (Mrs.) Deepa Panhekar**, Head of the Department of Chemistry.

The "Best Out of Waste" program was an initiative that aims to promote creativity, sustainability, and waste management. The primary purposes of this program was to reduce waste and find new uses for them, thereby reducing the amount of waste sent to landfills and second was Promoting Sustainability by encouraging individuals to reuse and recycle waste materials.

Developing Creativity Provide a platform for people to express their creativity and imagination by transforming waste into useful or aesthetically pleasing products.

**Key purposes:**

**1. Conserve Natural Resources:** Reduce the need for extracting, processing, and transporting raw materials by reusing and recycling waste materials.

**2. Raise Environmental Awareness:** Educate people about the importance of proper waste management, the impact of waste on the environment, and the benefits of recycling and reusing.

**3. Foster Community Engagement:** Encourage community involvement and participation in waste management and sustainability initiatives.
