Department of Computer Application (BCA)

Report on - Student Induction Programme (24-25)

The Student Induction Programme (23-24), held in the college auditorium on **December 11, 2024** marked the official welcome of newly admitted first-year students pursuing BCA. The programme aimed to provide incoming students with an engaging and informative introduction to college life, foster a sense of community, and inspire them for the academic journey through the NEW EDUCATION POLICY that lay ahead.

Following the unexpected event, the Principal of the college Dr B.A. Mehere delivered an insightful and motivational speech. The principal emphasised the value of higher education, encouraged students to pursue their interests, and described the college's commitment to academic excellence. This address provided motivation and inspiration to the newcomers and also a better understanding of the institution's commitment to providing a high-quality education.

Furthermore, Dr. Prashant Yende, HoD, BCA, addressed the fresher's about all the annual activities held in BCA. The emphasis was on the activities held under ARENA, which includes cultural, sports, technical and co-curricular events. Events like Rangoli, Painting, Collage, Dancing, Singing, Cricket, Tug of War, Lagori, indoor games like chess, arm wrestling. In technical events coding, decoding, hackathon, online quiz master, etc. are conducted. Sir also motivated the students with his inspirational stories. Sir also provided an overview of the college's academic standards and quality assurance measures.

Our distinguished guest speaker and motivational speaker, Dr. Abhay Shinde,Principal, Priyadrashini J.L. Chaturvedi College of Engineering, shared his wealth of knowledge and experience with the students. His engaging talk covered a wide range of academic and personal development topics, providing useful insights and advice. Students found his speech to be particularly informative, interesting and highly motivational.

The ice-breaking session was a lively and interactive activity that allowed the new students to meet their classmates. It encouraged them to get out of their comfort zones, meet new people, and feel a sense of belonging to the college community.

It began with a surprise event that immediately piqued the newly admitted students' interest and enthusiasm. This activity not only served as an icebreaker, but also set the tone for the rest of the day.

December 11, 2024, the Student Induction Programme was a resounding success. It provided an engaging and informative introduction to college life for newly admitted first-year students. The event not only introduced them to the college's resources, culture, and opportunities, but it also motivated and inspired them to continue their academic journey.

The surprise event, principal's address, guest speaker talks, and interactive ice-breaking session all contributed to an atmosphere of excitement and camaraderie. The event demonstrated the college's commitment to providing a comprehensive educational experience and fostering personal growth in its students.

As the students begin their academic journey, the college administration hopes that the insights and connections gained during this induction program will serve as a strong foundation for their success in the years to come. The program's success is a testament to the college's dedication to the holistic development of its students, and it sets a positive tone for the upcoming academic year.

The whole program was very well conducted by Ms Priyanka Soitkar.

The induction ceremony ended with a heartfelt vote of thanks to all participants including students, faculty, staff, and guest speakers. It emphasised the significance of college community unity and collaboration. It was ably presented by the Shama Khan.

REPORT

ON

BRAINSTORMING ACTIVITY "ALL ABOUT ME"

&

Session on SWAYAM, NEP and MOOCs, Syllabus of BCA

DATE: 12/12/24

BCA Department organized a brainstorming activity for the students of Semester I on 12th October 2022 at 1:00 pm in College Auditorium. This activity was used to produce and concept new ideas, and was properly executed with the benefits of a brainstorm that can extend beyond ideation. Brainstorming as a group boosts group morale because the team is working towards a common goal in a creative and supportive setting. The activity focused on **"All about Me"**, where students were told to select any one picture out of the given images, which correlated the most with their own personal characteristics.

Students were then told individually to write few points which were similar to them with the picture they selected. Then the students who selected the same picture were grouped together. One representative from each group shared their thoughts and hence they had a healthy

discussion. This activity allowed the students to think more freely, without fear of judgment. It encouraged open and ongoing collaboration to generate innovative ideas. It helped the teams to generate a large number of ideas quickly, which can be refined and merged to create the ideal solution.

More than 70 students participated in this activity and 8 groups were formed as per the different traits of the image selected. Students enjoyed the activity and contributed very positively while presenting their thoughts. The ones who participated were highly benefitted in terms of keeping their views, communication skills, knowledge about the traits, correlating themselves with others, etc. The coordinators of the event were Dr. Harshala Pethe, Mrs. Priyanka Soitkar and the event was successfully executed.

Report on Visit to Deekshabhoomi,Dr. Ambedkar College, Nagpur

A visit to Deekshabhoomi on 14th December 2024, was organised for the students of BCA Sem 1 by BCA department, under the one week Student induction programme. Around 180 Students were present. Principal Dr. Mrs B.A.Mehere Mam briefed the students that Bhadant Anand Kausalyayan brought the branches of Bodhi tree from Sri Lanka as a memorial of Buddha's enlightenment.

Deekshabhoomi is in Nagpur, Maharashtra, a location regarded as a sacred place, prernabhoomi (inspiring land) of social revolution being atheist and preparations for social actions against class conflicts, discrimination, and inequality also the first pilgrimage center of Ambedkarite Buddhism in India. Millions of pilgrims visit Deekshabhoomi every year, especially on Dhamma Chakra Pravartan din i.e. Samrat Ashoka vijaya dashmi ("Mass Conversion Ceremony Day") and 14 October, the Memorial Day when B.R.Ambedkar embraced and converted to Buddhism here. His final religious act was to embrace Buddhism and envisioned making India the Buddhist nation a prabuddha Bharat.Today, the largest stupa in the world is erected in his memory at the site.

This site is holy to Navayana Buddhism as this is the place where Dr. B. R. Ambedkar converted to Buddhism along with 600,000 followers on 14 October 1956, Dhammachakra Pravartan Din. During visit Principal Mam explained in detail the "Hall of Inspiration: Dr.Babasaheb Ambedkar's Life and legacy"

At last Principal Mam told students how Meditation is a mental and physical course of action that a person uses to separate themselves from their thoughts and feelings in order to become fully aware. In Buddhism the person meditating is not trying to get into a hypnotic state or contact angels or any other supernatural entity. At last students performed meditation for 10 minutes.

The visit was successful and all the students enjoyed. All the faculties of BCA department were present.

Report on Guest Lecture on Cloud Computing and AI

The Department of Computer Applications, Dr. Ambedkar College, Deekshabhoomi, Nagpur, successfully organized a guest lecture on Cloud Computing and Artificial Intelligence on 16th December 2024. The session was conducted for the BCA Semester 1 students under the guidance of Dr. Prashant Yende, Head of the Department, BCA.

The guest lecture was delivered by the esteemed Mr. Anil Tatode Cloud Computing expert & Trainer, University Campus,, a renowned expert in Cloud Computing and Artificial Intelligence, who shared his profound knowledge and insights into the current trends and practical applications in these fields.

Program Highlights
The session began with a warm welcome and anchoring by Assistant Professor Vaibhav Bhagwat, who introduced the guest speaker and outlined the importance of the session for budding professionals in the IT domain.
Mr. Anil Tatode engaged the students with a detailed and interactive presentation on the core concepts of Cloud Computing and AI, their integration, and their impact on various industries. The lecture covered both theoretical aspects and real world applications, making it highly relevant and beneficial for the students.
The program was well coordinated by Assistant Professors Vaibhav Bhagwat and Javed Shah, ensuring a seamless experience for the participants.

Feedback and Student Engagement
The students actively participated in the Q&A session, where Mr. Tatode addressed their queries with great enthusiasm and clarity. The lecture provided valuable insights and practical knowledge, which were highly appreciated by the students.

Acknowledgements
The session concluded with a heartfelt vote of thanks by Assistant Professor Javed Shah, expressing gratitude to the guest speaker, Principal Dr. Bhumi Mehere, the Head of Department Dr. Prashant Yende, and all the organizers and participants who contributed to the success of the event.

The program was a remarkable learning experience for the BCA Semester 1 students, providing them with an in depth understanding of emerging technologies. The department aims to organize more such informative sessions in the future to enhance the academic and professional growth of its students.

Report on Visit to College Library

A library visit was organized for the students of BCA Semester-1 on 13th December 2024. Students were informed prior to the visit and instructed some rules to follow while they enter the premises. Mr. Rajesh Lokhande, Librarian was communicated about the scheduled visit. Students were formed in a group of 20 students each and led by a teacher-in-charge accompanied by a staff member in library. Students were shown the stack areas and arrangement of books according to the specific subject/s. competitive books, reference section, personality development and general reading were also shown to the students. Mr. Rajesh Lokhande explained the students process of issue and return of books as well as rules to be followed in reading room. He also showed the students SOUL-online catalogue and book search facility available in the library. E-sources and other online facilitation counter, free internet surfing for students were also clarified. Student's queries were also answered.

Online Public Access Catalogue (OPAC) is provided to the users for accessing availability of books in the library. Students are adviced to use the OPAC extensively for searching the required books and journal articles. Students visited Reading Hall, and reference section of the library. The college subscribes to many journals and newspapers. The different subject sections are well-displayed, and every student is encouraged to make the best use of the library and reading room. Library has separate e-resources section with four computers and internet facility, where users can access INFLIBNET's N list, Shodhganga, Institutional Repository, Shodhgangotri and use open access database DOAJ.
