

REPORT

Visit to Samrat Asoka Botanical Garden, DACN

Department of Botany, Dr. Ambedkar College, Deekshabhoomi, Nagpur have organized a visit to **Samrat Asoka Botanical Garden, Dr. Ambedkar College, Deekshabhoomi, Nagpur** for B.Sc Semester I students on 23rd October 2024.

Visiting botanical gardens is important for conservation, research, education and recreation, offering insights into plant diversity, local flora and the interconnectedness of ecosystems. Botanical gardens play a vital role in conserving plant species outside their natural habitats, acting as "living libraries" of plant diversity. They provide valuable resources for botanical research, including seed banks, herbariums, and collections of living plants. It is excellent "outdoor laboratories" for studying plant taxonomy, morphology, and genetics. It raises awareness about environmental issues, such as climate change and habitat loss, and promotes sustainable practices. Also provide opportunities for people to connect with nature and appreciate the beauty and importance of plants.

Dr. S. R. Somkuwar, Associate Professor & Head Dept. of Botany Dr. Ambedkar College, Deekshabhoomi Nagpur explained about the Medicinal and Aromatic plants, Cactus corner, Rare, Endangered and Threatened taxa, Hydrophytes, Xerophytes available at Samrat Asoka Botanical Garden.

Dr. Rahul B. Kamble has demonstrated the Phytoid unit as Waste water recycling unit, Compost pit, Vermi composting unit and Groundwater recharge pit of Samrat Asoka Botanical Garden. All the newly admitted students of BSc Semester 1 have visited the Samrat Asoka Botanical Garden enthusiastically and interacted positively.
