"75th Anniversary of the Constitution of India"

The 75th anniversary of India's Constitution, which was adopted on 26th November, 1949. The Constitution has guided India's development over the past decades, even as the country has faced various social and political challenges. The Constitution's flexibility and the critical role of equality, liberty, and fraternity. However, it acknowledges the gaps in achieving true social and economic equality, as Dr. Ambedkar has foreseen. The piece also critiques the politicization of caste reservations and stresses the need for a commitment to the original values of the Constitution in addressing modern challenges.

While the Constitution was initially seen as a "document of Compromises", it has continued to serve as a the guiding light for India's democracy. The absense of a "common sense of nationhood" and religious divisions were inital

Topic :- CONSTITUTION OF INDIA

The constitution of India is the supreme legal document of India, and the longest written national constitution in the world. The document lays down the framework that demarcates fundamental political code, structure, procedures, powers, and duties of government institutions and set out fundamental rights, directive principles, and the duties of citizens.

It espouses constitutional supremacy (not parliamentary supremacy found in the united kingdom, since it was enacted by a constituent assembly rather than parliament) and was adopted with a declaration in its preamble. Although the Indian constitution does not contain a provision to limit the powers of the supreme parliament to amend the constitution, The supreme court in Kesavananda Bharati v. State of Kerala held that there were certain features of the Indian constitution so integral to its functioning & existence that they could never be cast out

75 years ago, on January 26th 1950, India, a newly independent nation, embarked on a journey guided by a document of immense significance : the Constitution. This wasn't merely a legal text ; it was a blueprint for a new India, a nation striving to reconcile its ancient heritage with the aspirations of a modern, democratic society.
