

DR. AMBEDKAR COLLEGE, DEEKSHABHOOMI, NAGPUR.

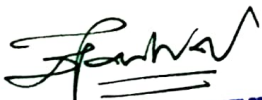

DEPARTMENT OF CHEMISTRY

MENTORING SESSION : 2024-25

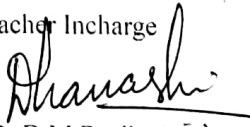

Teacher Incharge : Dr.D.M.Borikar

I conducted one-on-one mentoring sessions of the students of the B Sc first year, Chemistry, as a major subject of the students of semester I and semester II, to assess both academic and psychological progress. I reviewed the student's academic performance, including grades, participation, and attendance, to identify areas of strength and areas needing improvement. I also observed emotional behaviour and social interactions within the classroom, noting any signs of stress or disengagement. During these sessions, I provided personalized feedback and strategies to improve their learning process and mental well-being. I encouraged open communication and created a supportive environment for the student to express any concerns. Additionally, I recommended specific actions for further development, such as counselling or extracurricular activities. Follow-up meetings were scheduled to track progress and adjust the mentoring plan. I also collaborated with parents and other educators for holistic support. My approach focused on fostering both academic success and emotional resilience. The mentoring sessions were conducted on 25/10/2025 and 25/03/2025. Following are the details of the students under my mentorship.

Sr no.	Name of student	Email Address	Batch
1	Aaroji V. Jamgade	aarohijamgade12@gmail.com	CH1
2	Aishvarya M. Sursawant	aishvarya27sursawant@gmail.com	CH1

Class: B.Sc. 1st and 2 Sem, Chemistry Major

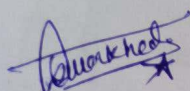

Teacher Incharge: Dr. T.S.Wankhede

MENTORING REPORT: SESSION 2024-25

The B. Sc. I year students (Chemistry Major) received two sessions of mentoring for the purpose of scholastic guidance, psychological guidance, and personality development during the 2024-2025 academic year. The students received guidance primarily for improving their scores, participating in extracurricular activities, and developing their personalities overall. They also received study materials for the organic chemistry paper, and those who were interested in taking the department's certificate course on instrumentation were encouraged to do so.

Class: **B.Sc.** – 1st and 2nd Semester **Chemistry (NEP)**

Teacher In-charge: **Dr. R. C. Sawant**

MENTORING REPORT

The BSC I-year (Sem-I & II) students (NEP CHEMISTRY) received two mentoring sessions for academic guidance, psychological guidance, and personality development during the 2024-2025 academic year. Key achievements included academic improvement, project development, and career readiness. Challenges faced included time management, stress management, and inconsistent participation. Future recommendations include increased peer mentoring, more industry exposure, and mental health support. Encouraging senior students to mentor junior students, incorporating industry visits or guest lectures, and incorporating mental health resources or counselling services could provide real-world insights. The mentorship program for B.Sc. Semester-I & II students has been a rewarding experience, with students showing dedication and resilience.

The college allotted ten students of B.Sc.-I (Batch-CH₂) for mentoring during the session 2024-25. Initially a Whats app group was formed by collecting student's mobile number and emails for easy communication with the allotted student mentees. The SWOC analysis was carried out to know the strength, weakness, opportunities and challenges of the students. Based on the SWOC analysis, two interactive sessions were organized on 09th September 2024 and 05th February 2025 for scholastic guidance, psychological guidance and development of personality. As a mentor, I interacted with the student's to know their academic, professional, personal goals and guided them for achievement of these goals by using college infrastructure, library facilities, online MOOC courses, short term courses for personality development and soft skill development, participation in college and departmental students extracurricular and extensive activities to meet their personal best interest during their regular degree course.

MENTORING REPORT

The mentorship program for B.Sc. Ist Year Chemistry Major (NEP) students aims to provide academic guidance, personal support, and career counseling to help students excel in their studies and overall development. Mentoring was done twice, in the first session and second session. Some challenges faced by students was they were hesitant to share personal or academic concerns initially. Balancing mentorship responsibilities with academic workload. Limited participation in some activities due to time constraints or external factors. Students were prominently guided for the improvement in the score, participation in the co- curricular activities and overall development of the personality.

MENTOR- MENTEE INTERACTION: NEP

B.Sc. SEM. I /SEM II : STUDENTS Session: 2024-2025

Dr. V. M. Shivankar, Professor, Chemistry Department

I have mentored total twenty students of B.Sc. Sem I/II, from Chemistry group in the year 2023-2024. Two meetings were conducted with the students in the session. In the first meeting interaction dated **23/10/2024, B.Sc. sem I**, students, asked about interest of area, what they think about the college campus.

Second interaction made on dated **8/02/2025, in B.Sc. sem II students**. I make the enquiry of their previous 10th and 12th class percentage and the progress of B.Sc. Sem I class. All these students selected from Chemistry group in B.Sc. level. I discussed about their strength. They shared their views regarding **strength**, help to poor and needy people, friendly nature, good listening ability, stage daring and good speaking, control different situations, able to makes friends easily, interest in games etc.

Students shared their **weaknesses** like very shy and afraid, very weak in solving problems, low in analytical skill, weak in giving explanation properly, slight weak in the marks subject, laziness, afraid of Dogs, unable to talk with unknown person, emotional and get frustration immediately, not proper in English speaking, poor hand writing, emotional etc.

About **opportunities**, they shared their views as NSS give the wonderful platform, want to become Navy officer, want to become IPS or IAS officer, played Volleyball tournament in Mumbai, wish to join railway service, want to become Cambridge Teacher and to complete Kathak Visharad, want to join IPS service, want to attend MPSC and UPSC to go for administrative services, to get first rank in the PSI examination and to do social work for poor people etc.

In **Challenges** students said that to become great person so that parent should feel the proud, complete graduation in first division, to improve speaking

Dr. Ambedkar College
Deekshabhoomi, Nagpur
.....
Department of Chemistry

skill, to get physical fitness, want to score good score in the graduation, to crack UPSC and MPSC examinations and to set up Business, to achieve perfection in the Food ball games, to score maximum marks in the graduation and to join Indian Air Force etc.

I also made interactions regarding **Scholastic Guidance**, Psychological guidance and **Development of personality** with students. They shared their experience with Mentor as, doing Meditation, Vipashyana program, attended seminars, attended foreign language German class, attended communication program, joining in Debates, participation the NSS activities, joining Oxford university classes, participation in the Poster competition program etc. **Psychological Guidance:** Helping and supportive nature, tolerant, emphatic, anxious sometimes. Few students have taken **psychological guidance** to avoid frustration in the life. Overall, all the students are good, active, satisfied about college campus, and their teaching classes throughout the year at Dr. Ambedkar College Deekshabhoomi, Nagpur. Students submitted their views in writing. **Development of Personality:** Acquiring lots of knowledge and skills, improving in analytical skills, public speaking and critical thinking, can handle more work in pressure.

Strength: Quick and avid learner, easily grasp most of concepts and information, disciplined, hardworking, punctual, good analytical skills, can perform various tasks easily and efficiently, good at writing articles on various topics.

Weakness: Facing little problems during presentation, lack confidence in public speaking, has little self-doubt.

. **Opportunities:** Can get into research field, competitive exams. Also some programming and designing related career options are available.

. **Challenges:** To overcome fear of public speaking, to learn how to manage time for doing various activities, to become more productive, to learn how to negotiate, to find other career options and opportunities as well.

Additional Steps During Graduation: Engaging in various extra-curricular activities like quiz competitions, poster making competitions, seminars, webinars

Dr. Ambedkar College
Deekshabhoomi, Nagpur

Department of Chemistry

conducted in and out of college. Also trying to learn various skills like programming, graphic designing. Also learning about psychology.

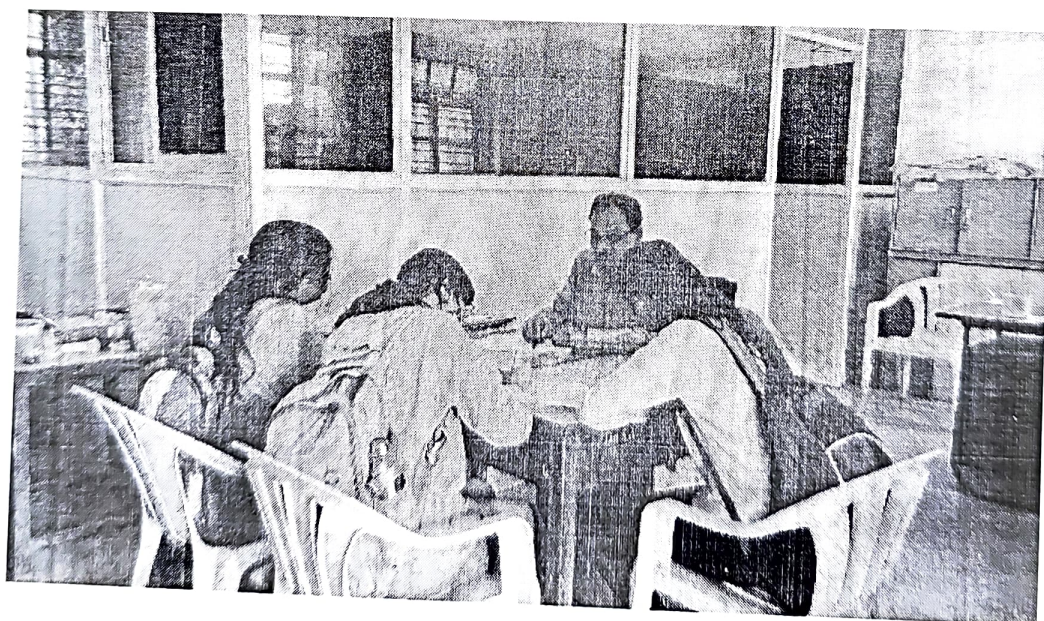

Achievements: Students ask to submit their achievements in any type of events like sports, culture, academic, merits, prize winning etc.

Following students have been mentor by me: B.Sc. Sem. I/II, Chemistry group.
