Nagpur**

Department of Physics

Date of Program : 29/08/2025
No. of Students Present : 36
Hosted by : Department of Physics
Name of Program : Alumni Interaction Program
B.Sc. First Year

Notice

Report:

An Alumni Interaction program for B.Sc. (all Semester) Physics students was held on August 29, 2025 at the Physics Department of Dr. Ambedkar College, Nagpur. The event was hosted by Dr. Pritee Wakudkar, who welcomed the Alumni, students and faculty members with enthusiasm. The program aimed to create a bridge between the present students and the alumni of the department, fostering guidance, mentorship, and inspiration.

The session began with a warm welcome address by Dr. Pritee Wakudkar, who highlighted the importance of alumni in the growth of the department and the professional development of students.

Distinguished alumni, **Mr. Harshad Meshram**, he has completed his **internship** at **IIT Bombay** on August 30, 2025, and is now working as a **junior research fellow** in **Vigyan Ashram Pune** shared his academic and career journey. He spoke about the challenges faced during higher studies and in the professional world, adding to that he also shared that when he was in B.Sc., he was not that confident and participative. But later on, he worked on his weaknesses to step forward to get admission in IIT Bombay. He guided the students that to get any internship in such prestigious institute what kind of effort anyone has to take, right from applying in institute to presenting a proposal and getting admitted there. Harshad explained about the opportunities available after completing such an internship program in institutes like IIT Bombay.

In later part of the program, the question answer session was conducted where one of Harshad's colleagues, **Juencio Maeztu** (Completed his **BA** in **economics** from the **University of Chicago**, and is now pursuing an **MBA** from **MIT Cambridge**) who joined online has answered the queries raised by students. He also motivated the students to focus on skill development, networking, and lifelong learning. Students actively participated in the question-answer session, seeking guidance on higher education abroad, research opportunities, and career planning.

The event concluded with a vote of thanks proposed by Dr. Pritee Wakudkar, who expressed gratitude to the alumni for his time and encouragement.

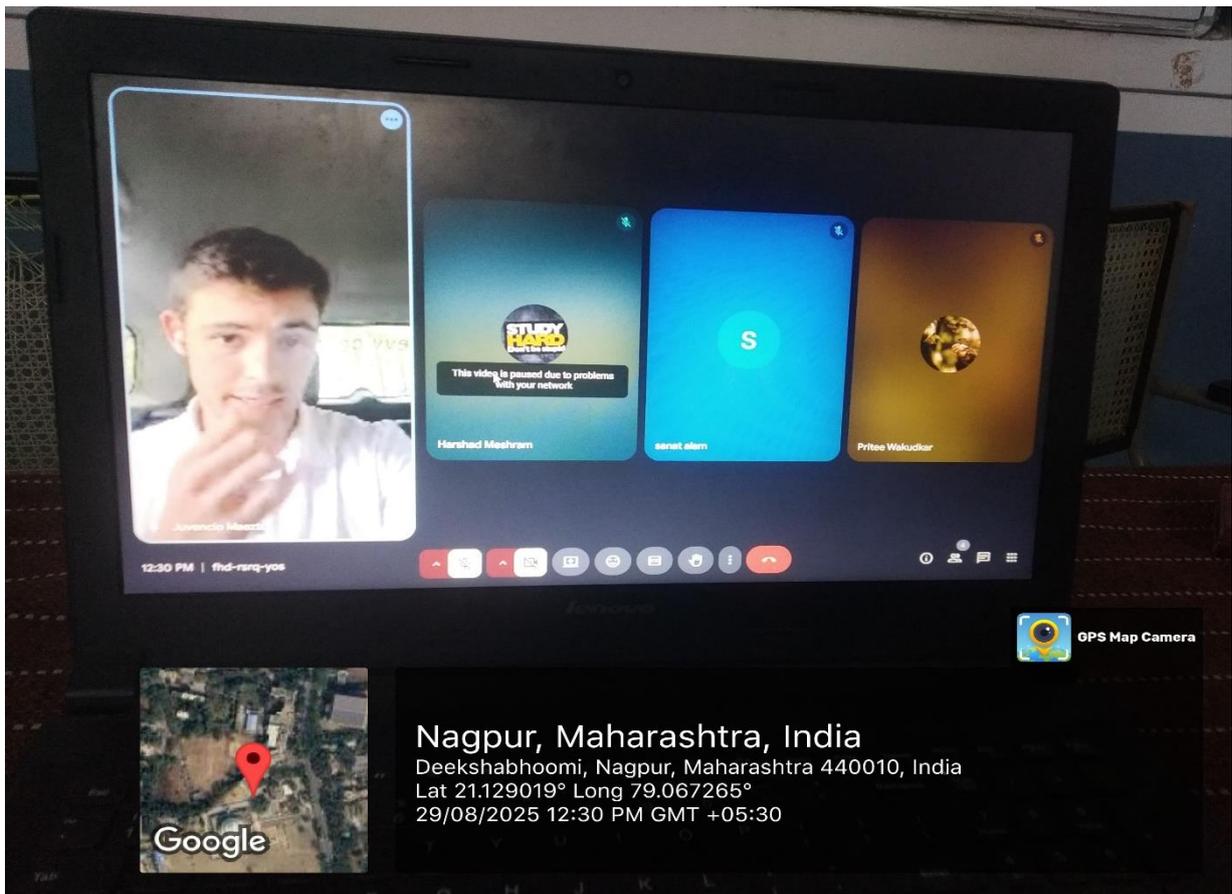

Overall, the program was highly beneficial for undergraduate students as it not only strengthened their connection with alumni but also encouraged them to set clear goals for their future.
