All the students are hereby informed that,
Department of Computer Science has Scheduled "**Mentor-Mentee Interaction Activity**" in this week from 08th September 2025 to 18th September 2025. Kindly contact your allotted Mentor, the details of the Mentor-Mentee provided below.

Date: 08-09-2025

Head of Department

Dr. P. V. Nimbalkar

Report

On September 12th, 2025, the Department of Computer Science successfully conducted "Mentor-Mentee Interaction Activity". This Activity was scheduled for a week from 08th September 2025 to 18th September 2025 as per notice, which received the positive response from the 52 mentees.

The mentoring activity for the session 2025-26 was organised for the regular students. Dr. Pankaj Nimbalkar, Head of the Department of Computer Science, along with other faculty members Prof. Winit Anandpawar, Prof. Vitthal Bondar, and Prof. Rakesh Uikey has mentored the mentees as per assigned.

Forms were generated and feedback was received from the 52 students for whom mentoring activity was conducted. The questionnaire form was designed keeping in mind, about Scholastic development, psychological development, personality development and emotional well-being of the students; Students were guided according to the feedback received from students in each session. The analysis was conducted, and feedback was promptly provided to the students. Suggestions and improvement areas were notified to each mentee. All the mentors interacted with the mentees on different problems which were faced by them. Suggestions and improvement areas were given to them, and timely review was provided. Progress of each student was recorded and noted down.

Any problem may it be personal or academic was addressed by the faculty members and suggestions were duly given to the students for improvement. Through this activity emotional support was also provided to the students who needed them occasionally. Majorly students face problems due to medical issues, their financial situations and lack of concentration in studies due to overly use of social media. The faculty members duly solved the problems, gave suggestions and tried to solve the problems of the students may it be teaching, learning or stress generated due to their day-to-day life. The faculty members briefed the new students on the objectives of NEP 2020, how it can be implemented for undergraduate students, and the structure and requirements of the new education policy. Continuous assessments will be encouraged along with exams, making it necessary for students to maintain good academic performance consistently. A minimum of 50% is typically required to pass.
