Workshop for non-teaching staff on

“Maintenance & Repair of Instruments”

Session (2025-26)

A workshop was organized on “Maintenance & Repair of Instruments” for non-teaching staff members of the department on 13th September 2025. The workshop was formally inaugurated at the hands of Dr. A. N. Wazalwar, Head of the Department of Physics. All the teaching and non-teaching staff members of the department were present on this occasion.

During the workshop, staff members were guided on routine maintenance practices such as cleaning, calibration, safe storage, and handling of delicate apparatus. They were given hands-on training in identifying common faults in instruments and learning simple repair techniques. Focus was given to the maintenance of equipment like multimeters, oscillators, transformers, resistance boxes, batteries, soldering units, and circuit boards.

In addition, the staff members were introduced to various instruments available in the Department, such as the Cathode Ray Oscilloscope (CRO), Equipment for e/m determination by Thomson’s method, and many other experimental setups.

The workshop proved to be highly informative and beneficial. It was successful due to the active efforts and co-operation of all the staff members of the department.
