College, Shivaji Science College, SFS

College, Mohta Science College and many

other.

Space Day Celebration Report

National Space Day is celebrated to recognize India's achievements in space science and technology and to create awareness among students about the importance of space research. It also inspires young students to develop interest in science, technology, astronomy, and space exploration.

In India, National Space Day is celebrated on **23rd August** to commemorate the successful landing of Chandrayaan-3 on the Moon on 23rd August 2023. The day highlights India's progress in space exploration and the contribution of scientists and engineers to the country's space programme.

Intercollegiate Quiz Competition

As a part of Space Day Celebration, the Department of Physics, Dr. Ambedkar College, Deekshabhoomi, Nagpur, organized an Intercollegiate Quiz Competition based on Indian Space Science and ISRO on 23rd August 2026.

The quiz received an enthusiastic response from students, **with a total of 353 responses recorded**. More than 10 college students gave a overwhelming response to this intercollegiate quiz competition. Colleges such as Hislop College, Dharampeth Science College, Shivaji Science College, SFS College, Mohta Science College and many other colleges.

The quiz consisted of 20 questions related to space science covering topics such as ISRO, Indian space missions, Chandrayaan, Mangalyaan, NavIC, Indian satellites and famous Indian astronauts and scientists.

The responses were collected through an online quiz form, and participants were evaluated based on their scores. The activity helped students test their knowledge, learn about India's achievements in space science, and develop greater interest in astronomy and space research.

Total Responses: 353

Total Questions: 20

Mode: Online Quiz

Theme: Indian Space Programme & Space Science

Overall, the quiz received a positive and enthusiastic participation, making the Space Day celebration informative, engaging and educational for the students.

Dr Aarti Wazalwar and Dr Namrata Pradhnyakar along with student representative Ms Harshlata Gawate and Ms Mehakpreet Kaur toiled hard for the success of the program.
